travel to science to history! It's nothing but fun, with hand-drawn original illustrations on nearly every page. Kids will love to impress their friends with their cool knowledge, and parents will be happy their kids are learning something. For example: There are exactly 206 bones in your body. (We counted.) More than half of those are in your hands, toes, fingers, and feet. Think how cold you are when you forget your winter coat. Now consider how cold you'd be without your skin. Your skin weighs the same as four heavy winter coats.

How does a chameleon change colors? How do astronauts train for a space mission? How do diamonds form? How does Wi-Fi work? The best-selling book in TIME For Kids' Big Book of Questions series is newly revised with updated information, photos, illustrations, and graphics to answer over 500 new questions in popular subject areas: Animals, Space, History, Science, Technology, Sports and more. Presented in an easy-to-follow format, this fun, must-have reference book will appeal to a young child's sense of curiosity. Kids can dive into the book at any point and learn over 1,001 amazing facts to impress their parents, teachers, and friends with their new found knowledge.

Provides over one thousand facts about science, including such topics as living things, earth and space, your body, matter and reactions, inventions and discoveries, and invisible science.
