How does it feel to be near the North Pole when it's so cold that a cup of hot water, thrown in the air, explodes into ice particles? What's it like to be somewhere even colder - the South Pole, where a refrigerator containing fruits and vegetables has to be heated? Come and explore these two places where few people have ever been. Life on the Ice is brimming with fabulous photos and frigid facts about working and living in these exotic frozen worlds.

The purpose of this book is to help new teachers transition from students in education courses to proactive educators who can translate what they have learned in methods classes into realistic practices as novice teachers. This book will help these candidates operationalize good educational pedagogy and understand the connections between theory and practice. This book will also explain the logical connections between standard curriculum theory and certification examinations like the edTPA. Pedagogy into Practice is also answering the current cry, of how to teach in a virtual setting during this Pandemic, by offering up to date information on virtual learning. PRAISE FOR PEDAGOGY INTO PRACTICE An expert in teacher education and a novice teacher brilliantly combine forces to help teachers improve their first years in service. This text is skillfully crafted and thoughtfully laid out in a way that will provide you a roadmap to navigate the common issues and concerns all new teachers face. From understanding curriculum design to aligning assessments to planning, this valuable resource will be your 'go-to' guide. Also, a powerful text for teacher training, you will want to make sure this text is close at hand. Richard M.
