"In this book with no pictures, the reader has to say every silly word, no matter what"--

One of the greatest sports figures of all time at last breaks his silence in a memoir as unique as the man himself. Number 4. It is just about the most common number in hockey, but invoke that number and you can only be talking about one player -- the man often referred to as the greatest ever to play the game: Bobby Orr. From 1966 through the mid-70s he could change a game just by stepping on the ice. Orr could do things that others simply couldn't, and while teammates and opponents alike scrambled to keep up, at times they could do little more than stop and watch. Many of his records still stand today and he remains the gold standard by which all other players are judged. Mention his name to any hockey fan - or to anyone in New England - and a look of awe will appear. But skill on the ice is only a part of his story. All of the trophies, records, and press clippings leave unsaid as much about the man as they reveal. They tell us what Orr did, but don't tell us what inspired him, who taught him, or what he learned along the way. They don't tell what it was like for a shy small-town kid to become one of the most celebrated athletes in the history of the game, all the while in the full glare of the media. They don't tell us what it was like when the agent he regarded as his brother betrayed him and left him in financial ruin, at the same time his battered knee left him unable to play the game he himself had redefined only a few seasons earlier. They don't tell about the players and people he learned to most admire along the way. They don't tell what he thinks of the game of hockey today. Orr himself has never put all this into words, until now. After decades of refusing to speak of his past in articles or "authorized" biographies, he finally tells his story, because he has something to share: "I am a parent and a grandparent and I believe that I have lessons worth passing along." In the end, this is not just a book about hockey. The most meaningful biographies and memoirs rise above the careers out of which they grew. Bobby Orr's life goes far deeper than Stanley Cup rings, trophies and recognitions. His story is not only about the game, but also the age in which it was played. It's the story of a small-town kid who came to define its highs and lows, and inevitably it is a story of the lessons he learned along the way.

The only book in English for readers of all ages by Nobel Prize-winning novelist Olga Tokarczuk is a beautifully illustrated meditation on the fullness of life. "Olga Tokarczuk's The Lost Soul, an experimental fable illustrated by Joanna Concejo and translated by Antonia Lloyd-Jones, resonates with our current moment. . . . What a striking, and lovely, material object it is." -New York Times "The Lost Soul, by Olga Tokarczuk and illustrator Joanna Concejo, is a quiet meditation on happiness, following a busy man who loses his soul. . . It pours a childlike sense of wonder into a once-upon-a-time tale that is already resonating with adults around the world." -Guardian The Lost Soul is a deeply moving reflection on our capacity to live in peace with ourselves, to remain patient, attentive to the world. It is a story that beautifully weaves together the voice of the Nobel Prize-winning Polish novelist Olga Tokarczuk and the finely detailed pen-and-ink drawings of illustrator Joanna Concejo, who together create a parallel narrative universe full of secrets, evocative of another time. Here a man has forgotten what makes his heart feel full. He moves to a house away from all that is familiar to him to wait for his soul to return. "Once upon a time there was a man who worked very hard and very quickly, and who had left his soul far behind him long ago. In fact his life was all right without his soul-he slept, ate, worked, drove a car and even played tennis. But sometimes he felt as if the world around him were flat, as if he were moving across a smooth page in a math book that was covered in evenly spaced squares... " -from The Lost Soul The Lost Soul is a sublime album, a rare delicacy that will delight readers young and old. "You must find a place of your own, sit there quietly and wait for your soul." Winner of the Bologna Ragazzi Award, Special Mention 2018, Prix de l'Union Internationale pour les Livres de Jeunesse (IBBY), The White Raven (IJB Munich), and the Łódź Design Festival Award.

The story is about a boy named Lwando and his cute sister Oyiso, who sometimes becomes angry and furious when something upsets her. But fortunately for Oyiso, her brother understands her well and always tries to quell her anger. But despite that, there may be days when he can't console his sister, and may even react with anger too!! Can Lwando learn where the mistake is? The benefits of the story is that it emphasizes the good treatment of the older brother with his younger siblings, feeling responsible towards them, and be a model for them. With the absence of the parents sometimes, the young child will find only one of his older brothers or sisters to console him, take care of him, and protect him. So, we advise the parents to give this story its due, and not to make it just papers with attractive drawings and bright colors. Our goal is to teach children virtuous morals and warn them against every reprehensible behavior, so let us strive to achieve this goal. The book consists of a colorful drawings expressing the cases of Lwando, Oyisa, and other people during some days of the week, with clear and short sentences, to make it easier for the child to read and understand its meaning.

A stunning collection of short stories originally commissioned by The New York Times Magazine as the COVID-19 pandemic swept the world, from twenty-nine authors including Margaret Atwood, Tommy Orange, Edwidge Danticat, this year's National Book Award winner Charles Yu, and more. When reality is surreal, only fiction can make sense of it. In 1353, Giovanni Boccaccio wrote The Decameron: one hundred nested tales told by a group of young men and women passing the time at a villa outside Florence while waiting out the gruesome Black Death, a plague that killed more than 25 million people. Some of the stories are silly, some are bawdy, some are like fables. In March 2020, the editors of The New York Times Magazine created The Decameron Project, an anthology with a simple, time-spanning goal: to gather a collection of stories written as our current pandemic first swept the globe. How might new fiction from some of the finest writers working today help us memorialize and understand the unimaginable? And what could be learned about how this crisis will affect the art of fiction? These twenty-nine new stories, from authors including Margaret Atwood, Tommy Orange, Edwidge Danticat, Charles Yu, Rachel Kushner, Colm Toibin, and David Mitchell vary widely in texture and tone. Their work will be remembered as a historical tribute to a time and place unlike any other in our lifetimes, and will offer perspective and solace to the reader now and in a future where COVID-19 is, hopefully, just a memory. hatever may be thought of the somewhat aristocratic pretensions of the lion, as the dog, after all, has the reputation of being the most intelligent of the inferior animals, I will allow this interesting family the precedence in these stories, and introduce them first to the reader. For the same reason, too--because they exhibit such wonderful marks of intelligence, approaching, sometimes, almost to the boundary of human reason--I shall occupy much more time in relating stories about them than about any other animal. Let me see. Where shall I begin? With Rover, my old friend Rover--my companion and play-fellow, when a little boy? I have a good mind to do so; for he endeared himself to me by thousands of acts of kindness and affection, and he has still a place of honor in my memory. He frequently went to school with me. As soon as he saw me get my satchel of books, he was at my side, and off he ran before me toward the school-house. When he had conducted me to school, he usually took leave of me, and returned home. But he came back again, before school was out, so as to be my companion homeward. I might tell a great many stories about the smartness of Rover; but on the whole I think I will forbear. I am afraid if I should talk half an hour about him, some of you would accuse me of too much partiality for my favorite, and would think I had fallen into the same foolish mistake that is sometimes noticed in over-fond fathers and mothers, who talk about a little boy or girl of theirs, as if there never was another such a prodigy. So I will just pass over Rover's wonderful exploits--for he had some, let me whisper it in your ear--and tell my stories about other people's dogs.
