Volume 110 of *Terrorism: Commentary on Security Documents*, "Assessing the GWOT," provides researchers with a one-volume update on how the U.S. is faring in its global war on terrorism, or "GWOT." The volume pays special attention to the monetary cost of that war. General Editor Douglas Lovelace also guides readers through a regional tour of the GWOT's battlefields, particularly in Iraq and Afghanistan. Researchers will benefit especially from Lovelace's analysis of the influence that Iran currently exercises over insurgent activity in Iraq. Given the many facets of U.S. anti-terror policy and the many strands of the legal debate over it, this volume provides a helpfully concise and illuminating picture of the current state of that policy.

Most macroeconomists agree that we live in the age of microfoundations. The recent worldwide financial crisis may have emboldened critics of this microfoundational orthodoxy, but it remains the dominant view that macroeconomic models must go beyond supply and demand functions to the level of individual decision-making, taking into account the general dynamic environment where agents live. *Microfoundations Reconsidered* seeks to reassess how the relationship of micro and macroeconomics evolved over time. The highly regarded contributors to the book argue that the standard narrative of microfoundations is likely to be unreliable. They therefore re-examine the history of the relationship of microeconomics and macroeconomics, starting from their emergence as self-consciously distinct fields within economics in the early 1930s. They seek to go beyond the conventional history that is often told and written by practicing economists. From different perspectives they

challenge the association of microfoundations with Robert Lucas and rational expectations and offer both a more complete and a deeper reading of the relationship between micro and macroeconomics. *Microfoundations Reconsidered* is a valuable addition to the macroeconomic research literature. It is ideally suited to students, scholars, researchers, and practitioners with an interest in macro and microeconomics and the history of economics.

The History of English: An Introduction provides a chronological analysis of the linguistic, social, and cultural development of the English language from before its establishment in Britain around the year 450 to the present. Wonderfully funny and also deeply touching, *I Am One of You Forever* is the story of a young boy's coming of age. Set in the hills and hollows of western North Carolina in the years around World War II, it tells of ten-year-old Jess and his family -- father, mother, grandmother, foster brother, and an odd assortment of other relatives -- who usher Jess into the adult world, with all its attendant joys and sorrows, knowledge and mystery. Jess's father is feisty, restless, and fun-loving. His mother is straitlaced and serious but accepts with grace and good humor the antics of the men of the family, a trait she learned from her own mother. Johnson Gibbs is the orphaned teenager who comes to live with them on their mountain farm. Life on the laurel-covered mountain is isolated and at times difficult, but for Jess it is made rich and remarkable through his relationship with his father and, especially, Johnson Gibbs. time to time is a gallery of eccentric relatives who are surely among the most memorable creations in recent fiction. Uncle Luden is a womanizer who left the mountains years ago for a job in California that "paid actual cash money." Uncle Gurton has a spooky way of appearing and disappearing without ever seeming to enter or exit, but it is his flowing beard, which he has apparently never trimmed and which he keeps tucked inside his overalls, that is of most fascination to Jess. Uncle Zeno is a storyteller. With the words "That puts me in mind of..." everyone around knows that he is about to launch into another of his endless tales. Uncle Runkin, who always brings his handmade coffin to sleep in whenever he visits, spends his time carving intricate designs into the coffin and trying to find just the right epitaph for his tombstone. Aunt Samantha Barefoot stops by for a brief spell, too. A country singer and cousin to Jess's grandmother, she is a woman of uncensored speech (Jess learns a lot from her) and honest emotions. Chappell tells the story of all of these characters in a series of chapters that range from fantasy and near farce to pathos. As notable for its lyrical descriptions of the rural settings as for its finely honed vernacular dialogue, *I Am One of You Forever* shows us a world full of wit and wisdom and the sadness at the heart of things. As one would expect from a poet like Fred Chappell, every line offers its own pleasures and satisfactions.

As I drew, the house felt eerie in its silence. . . . A strange sense stole over me, as though Bland and I were two actors on stage, our movements spotlighted, black emptiness between us. But that darkness grew smaller as the space between us shrank. I did not know if this sense was due to my immersion in Bland ' s face and mind and world, or to my fear of his threatening presence. Or both . . . The nerves between my shoulder blades began to tingle. Help me, God. Please. For twenty years, a killer has eluded capture for a brutal double murder. Now, forensic artist Annie Kingston has agreed to draw the updated face of Bill Bland for the popular television show American Fugitive. To do so, Annie must immerse herself in Bland ' s traits and personality. A single habitual expression could alter the way his face has aged. But as she descends into his criminal mind and world, someone is determined to stop her. At any cost. Annie ' s one hope is to complete the drawing and pray it leads

National parks are one of the most important and successful institutions in global environmentalism. Since their first designation in the United States in the 1860s and 1870s they have become a global phenomenon. The development of these ecological and political systems cannot be understood as a simple reaction to mounting environmental problems, nor can it be explained by the spread of environmental sensibilities. Shifting the focus from the usual emphasis on national parks in the United States, this volume adopts an historical and transnational perspective on the global geography of protected areas and its changes over time. It focuses especially on the actors, networks, mechanisms, arenas, and institutions responsible for the global spread of the national park and the associated utilization and mobilization of asymmetrical relationships of power and knowledge, contributing to scholarly discussions of globalization and the emergence of global environmental institutions and governance.

When a resurrection goes awry in a cold Seattle cemetery, mother-of-three Patricia Ramos-Waites finds herself possessed by the ghost of her sister's dead lover. God forbid her only problem be sharing her body with Dead Marco. Yesterday Patricia's only worries were her teenage son's new deadbeat friends, and putting her kids through college;

today she's become the target of a Central American drug-smuggling gang who desperately want to get their hands on the ghost she's hosting. On top of all this, Patricia is beginning to suspect that either Marco is an exceptionally powerful spirit, or she has ghost-handling abilities that haven't been seen in centuries. Will Patricia be able to stay out of the crosshairs long enough to fix this botched resurrection?

Poetry. CITIES OF FLESH AND THE DEAD is the eagerly awaited third collection of poetry by Diann Blakely. It won the seventh annual Elixir Press Poetry Awards and the Alice Fay di Castagnola Award from the Poetry Society of America. Baron Wormser had this to say: "An imaginer who hits the bull's-eye with every detail, intonation, and emotional twitch, Blakely's fullness of language quietly and firmly dazzles as she moves among epochs, personae and geographies. She is a master of evoking the bounties of loss while embracing the wayward joys of what is unaccountably found." Her first two books are Hurricane Walk and Farewell My Lovelies. Her work has appeared in such publications as Denver Quarterly, Colorado Review, American Literary Review, Shenandoah, and Green Mountains Review. She lives in Georgia.
