Do you know that the fibers from Alpacas are flame resistant? And do you know that Alpacas only spit when they are upset? It is sometimes difficult to make our children understand the beauty of nature, to make them appreciate the small things, the beauty of a flower, the freshness of the air, the scent of grass. Many times, we are not fortunate to be in contact with nature, far from a meadow, closed in the cities. Still, so often, while looking out from our balcony in a beautiful country house, we know how to observe but do not appreciate creation's beauty. Know the details and habits of farm animals as common as it is surprising, through a simple path, which fuels your child's interest and curiosity. That's the purpose of this book. the Alpaca's first day on the farm. He sees an animal that looks similar to him, the llama, and his mother explains how they are alike and different. She tells Happy about the contributions of some of the other animals on the farm, too, and he realizes that we are all important, no matter our size, kind, or color. Illustrated and written by Pam Purce, this is a unique and touching story with an important message for all ages.

For many new entrants to the alpaca industry a major allure is the thought of breeding these beautiful, intelligent and easily-handled animals. The challenging question that new breeders must ask themselves is “Why do I want to breed alpacas?” This leads to other vital questions – “Huacaya, suri, or both?”; “White,

coloured, or a bit of everything?";
“How much do I need to spend?";
“How many should I buy?” For some people purchasing alpacas, the initial reason is as a small-scale hobby farm. However for many of these people, as they begin to breed and learn more about their alpacas, their focus changes and they use their knowledge to improve the quality of their stock – whether for fibre production, for stud breeding, or with an eye to winning show ribbons. This book is a basic guide to some of the skills and practices of alpaca production. This guide covers information on alpaca production including health, breeding and farming, nutritional needs and breeding to improve fleece.
