So with THE LOST COLONY the series returns to the pleasure of seeing Artemis, always in charge and unflappable, work out his complicated plans; he's not off-balance and one step behind, like in the fourth book.

Parents need to know that Eoin Colfer 's The Lost Colony is the fifth book in the Artemis Fowl series. With its time travel theme, it will remind readers of Colfer's popular W.A.R.P. trilogy that came after this series. Expect plenty of fantasy action violence with bombs, shootings, stabbings, kidnappings, and the trading of hostages.

A second juvenile genius has discovered that fairies do exist, and she is determined to capture one for scientific study. And not just any fairy. The newcomer intends to trap a demon -- the most human-hating species unknown to man. Only an ancient time spell separates the demons from mankind -- and Artemis must prevent it from unravelling. If he fails, the bloodthirsty tribe will relaunch their quest to wipe every human from the planet.

When demons begin appearing on Earth unpredictably, foreshadowing a cataclysmic breakdown of their magic, Artemis and his friends face a new foe--a twelve-year-old girl whose intellect just might match Artemis's own--as they try to prevent catastrophe.

Ten thousand years ago, humans and fairies fought a great battle for the magical island of Ireland. When it became clear to the fairy families that they could never win, they decided to move their civilization underground and keep themselves hidden from the humans. All the fairy families agreed on this, except the 8th family, the demons. The demons planned to lift their small island out of time until they had regrouped and were ready to wage war on the humans once more. However the time spell went wrong, and the island of Hybras was catapulted into Limbo, where it has remained for ten thousand years.

Demons are beginning to materialize without warning on Earth. If humans were to capture one, all fairies would be exposed. In order to protect themselves, the fairies must decipher complicated equations to determine where the next demon will appear. Not even the brilliant Foaly can make heads or tails of the formulas -- but he knows someone who can: Artemis Fowl. When a very confused demon imp appears in a Sicilian theater, Artemis is there to meet him. But he is not alone. Someone else has unlocked the secrets of the fairy world...and she is only twelve years old. Now, in a race against time, a newly-reformed Artemis Fowl will have to dip into his bag of dirty tricks if he is to save his fairy friends from his latest nemesis, not to mention a power hungry demon warlord who is poised to invade our dimension with his savage army.

Movie available from June 12th only on Disney+ Artemis Fowl and the Lost Colony is the fifth sensational book in the gripping Artemis Fowl series by Eoin Colfer. Has criminal mastermind Artemis Fowl met his match? Until recently Artemis Fowl was the only human to have discovered that fairies do exist. But now a second juvenile genius wants to capture one for scientific study - and not just any old fairy. The newcomer intends to trap a demon, the most human-hating species unknown to man. Only an ancient time spell separates the demons from mankind - and Artemis must prevent it from unravelling. If he fails, the bloodthirsty tribe will re-launch their quest to wipe humans from the planet . . . There can only be one winner in this battle of the demons. And it may not be Artemis Fowl. 'A superb series' - The Times

'Engagingly vivid, exciting and witty' - The Telegraph 'Fast, funny and very exciting' - Daily Mail *** Artemis Fowl was winner of the WHSmith Children's Book of the Year Award and Children's Book of the Year at the Children's Book Awards. Shortlisted for the Whitbread Children's Book of the Year Award.***

Ten thousand years ago, humans and fairies fought a great battle for the magical island of Ireland. When it became clear to the fairy families that they could never win, they decided to move their civilization underground and keep themselves hidden from the humans. All the fairy families agreed on this, except the 8th family, the demons. The demons planned to lift their small island out of time until they had regrouped and were ready to wage war on the humans once more. However the time spell went wrong, and the island of Hybras was catapulted into Limbo, where it has remained for ten thousand years. Now, the tainted time spell is deteriorating and demons are being sucked back into the present space and time. The fairy Council is naturally concerned about this and is monitoring any materializations. When the spell's deterioration accelerates, the materializations become unpredictable. Even the fairy scientists cannot figure out where the next demon will pop up. But someone can. Artemis Fowl, teenage criminal mastermind has solved temporal equations that no normal human should be intelligent enough to understand. So when a confused and frightened demon pops up in a Sicilian theatre, Artemis Fowl is there to meet him. Unfortunately, he is not the only one. A second, mysterious party has also solved the temporal equations, and has managed to abduct the demon before Artemis can secure him. This is a disaster for the fairy people, as this demon was no ordinary fairy. He was the last demon warlock, the one who held the key to the survival of the entire demon race. It is up to Artemis and his old comrade, Captain Holly Short, to track down the missing demon and rescue him, before the time spell dissolves completely and the lost demon colony returns violently to Earth.

Ten millennia ago, the fairy people were defeated in a great battle with mankind, forcing them to move underground. Only the 8th family of fairies remained undefeated: the demons. But now one demon has discovered the secrets of the fairy world, and if humans get hold of this information, the fairies are in big trouble.

Artemis has committed his entire fortune to a project he believes will save the planet and its inhabitants, both human and fairy. Can it be true? Has goodness taken hold of the world's greatest teenage criminal mastermind? Captain Holly Short is unconvinced, and discovers that Artemis is suffering from Atlantis Complex, a psychosis common among guilt-ridden fairies - not humans - and most likely triggered by Artemis's dabbling with fairy magic. Symptoms include obsessive-compulsive behavior, paranoia, multiple personality disorder and, in extreme cases, embarrassing professions of love to a certain feisty LEPrecon fairy
