Develops a theory of contemporary culture that relies on displacing economic notions of cultural production with notions of cultural expenditure. This book represents an effort to rethink cultural theory from the perspective of a concept of cultural materialism, one that radically redefines postmodern formulations of the body.

The classic manifesto of the liberated woman, this book explores every facet of a woman's life.

often neglects this dimension of space and concentrates on traditional historicist paradigms, such as temporality, narrative, and teleology. By investigating the visual vocabulary of different historicist genres (academic historiography, illustrated history books, historical maps), this volume expands an understanding of German historicist culture as a multi-medial phenomenon, and shows that past is conveyed in spatial forms, such as travel locations, national and colonial spaces, as well as geographical areas. Tracing these concepts of historical space, this volume demonstrates that the image works as a powerful tool to propagate the ideology of German imperialism in the nineteenth-century, but also can critically reflect the political agendas of national historicism.

Since publication over twenty years ago, *The Translator's Invisibility* has provoked debate and controversy within the field of translation and become a classic text. Providing a fascinating account of the history of translation from the seventeenth century to the present day, Venuti shows how fluency prevailed over other translation strategies to shape the canon of foreign literatures in English and investigates the cultural consequences of the receptor values which were simultaneously inscribed and masked in foreign texts during this period. Reissued with a new introduction, in which
