ever and with less time for ourselves and family. The pressures and stress of the obligations we feel we have, often leave us without time to do everything that we would like to. More critically, we lack the time to reflect, review our lives and consider our direction. Time to contemplate if the decisions we are making are going to lead us to a life of purpose or an old age filled with regret. Time for Anything is based on 5 years of research by Craig D Robinson. Using the techniques in this book, Craig went from working in an entry level position to, in just four years: start 2 companies, recharge with 12 weeks holiday a year, start a family, grow and sell his startups and retire at the age of 34. This book shows you how you too can have time for it all.
