The BMW R1100S is a sports motorcycle that was manufactured by BMW Motorrad between 1998 and 2005.

Introduced some 25 years after the R90S, the company's first sports bike, the R1100S was the first BMW bike having clip-on handlebars, rearset footrests and a removable cowl to cover the pillion seat. Producing nearly 100 hp, it has been described as a "sporty sports-tourer".

Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. The book gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild

anywhere on earth. BMW has earned a reputation for not doing things the way everyone else does, but its motorcycles aren't different simply for the sake of being different. Each distinctive feature represents a brilliant and elegant solution to a real problem, leading BMW to be the first company to introduce many of the features that were later adopted by other manufacturers. But there's more to a BMW motorcycle than innovation and technology—there's also art. And as beautiful as the bikes are in their totality, they may be even more so when broken down into their

This book captures the elegance of these amazing machines, both in their details and in the sum of their parts, through the masterful photography of Henry von Wartenberg and writing of author Peter Gantriis. The Art of BMW: Ninety Years of Motorcycling Excellence features the Peter Nettesheim collection, one of the world's premier collections of BMW motorcycles. These wonderfully restored pieces exemplify the design and engineering prowess that have defined the BMW motorcycle tradition for almost a century.
