Is this blue book more valuable than a business degree? Most people enter their professional careers not understanding how to grow a business. At times, this makes them feel lost, or worse, like a fraud pretending to know what they're doing. It's hard to be successful without a clear understanding of how business works. These 60 daily readings are crucial for any professional or business owner who wants to take their career to the next level. New York Times and Wall Street Journal bestselling author, Donald Miller knows that business is more than just a good idea made profitable – it's a system of unspoken rules, rarely taught by MBA schools. If you are attempting to profitably grow your business or career, you need elite business knowledge—knowledge that creates tangible value. Even if you had the time, access, or money to attend a Top 20 business school, you would still be missing the practical knowledge that propels the best and brightest forward. However, there is another way to achieve this insider skill development, which can both drastically improve your career earnings and the satisfaction of achieving your goals. Donald Miller learned how to rise to the top using the principles he shares in this book. He wrote *Business Made Simple* to teach others what it takes to grow your career and create a company that is healthy and profitable. These short, daily entries and accompanying videos will add enormous value to your business and the organization you work for. In this sixty-day guide, readers will be introduced to the nine areas where truly successful leaders and their businesses excel: Character: What kind of person succeeds in business? Leadership: How do you unite a team around a mission? Personal Productivity: How can you get more done in less time? Messaging: Why aren't customers paying more attention? Marketing: How do I build a sales funnel? Business Strategy: How does a business really work? Execution: How can we get things done? Sales: How do I close more sales? Management: What does a good manager do? *Business Made Simple* is the must-have guide for anyone who feels lost or overwhelmed by the modern business climate, even if they attended business school. Learn what the most successful business leaders have known for years through the simple but effective secrets shared in these pages. Take things further: If you want to be worth more as a business professional, read each daily entry and follow along with the free videos that will be sent to you after you buy the book.

All the fundamentals of accounting and finance of the real estate industry-made easy Providing both the theories and practices of real estate from an accounting and financial perspective, *Real Estate Accounting Made Easy* is a must-read for anyone who needs a thorough and easier understanding of the real estate industry. Walks you through the audit processes, including how to prepare the audit and the different kinds of audits Helps new auditors, the company being audited, and users of audit reports understand the fundamentals of the financial aspect of the real estate business Includes forms of real estate ownership, sole ownership, partnerships, joint ventures and real estate investment trusts (REITs), including the advantages and disadvantages of these entities covered in detail A practical guide to the field of real estate accounting and finance, this easy-to-understand introductory and intermediary book on the field of real estate begins with the elementary and basic aspects of real estate to ensure that those that are new to the field are comfortable with this often-complicated subject matter.

Do you wish to learn bookkeeping and accounting for either career or educational purposes? Are you an accounting enthusiast who would wish to remind themselves about some of the most common and vital accounting concepts? If so, you have come to the right place. If you are a beginner, I am sure that you are looking for a simplified course which contains all accounting concepts and explains them in a way which is memorable and very easy to understand. *Accounting made easy: your quick study guide* is exactly what you are looking for. Accounting is immensely diverse and contains multiple formulas and calculations that are a must use for any aspiring accountant or accounting student. Therefore, there is the need to understand all of the concepts as that is the only way through which you can apply them in the different areas of practice. Speaking of practice, that is exactly what you must do to be fully conversant with the formulas, calculations, and concepts. As difficult as it may sound, the truth is that the concepts are very easy and all you need to do is start with the basics and work your way up to the formulas. As you will realize, the basics set the accounting tone, and you will have a much easier time when you work from the bottom without skipping any steps. This book begins with the basics of accounting, taking you through the different definitions as well as principles of accounting. The author uses a very simple tone that is easily understood and free of complex terms. In addition to the basics, you will get to learn about: -The elements of accounting/bookkeeping ethics-The basic accounting formula-The different financial statements, their uses, and the various users-The key financial ratios-The interrelation of financial accounting with cost and management accounting If you are ready to learn accounting in the easiest way possible, look no further. This book is your best bet towards understanding accounting fully.

It's no secret that even the most successful teachers struggle to make the best use of their time.
