Solutions 10th Edition

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance.

Throughout the book the authors show how managers use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do. The text is comprehensive, authoritative, and modern and yet the material is presented at a common sense level. The discussions and illustrations are unique due to the depth of detail
