Monsters, mystery, and magic abound in this stunning, illustrated collection of original fairy tales from the World of Warcraft universe, as told by an all-star cast of bestselling, award-winning storytellers. The power of stories is felt and known in every corner of Azeroth. From the windswept fields of the Eastern Kingdoms to the bustling city of Gadgetzan, differences were bridged by common tales of average people overcoming incredible odds. Lessons learned from cautionary tales tempered many brave heroes and brought them safely home, while stories of adventure spurred history's most remarkable actors to greatness. Now you too can settle in, lay down your armor, and listen to the wonderous tales of adventure and peril in the Folk and Fairy Tales of Azeroth. Brimming with gorgeous artwork and twelve inspired stories crafted by fantasy's brightest authors including Garth Nix, Catherynne M. Valente, Kami Garcia, and more, this enchanting anthology brings new voices, new meaning, and new wonder to World of Warcraft.

If you want to tell more stories in the classroom but lack the confidence to do so... If you need guidance finding stories that are good to get children thinking... If you like using stories in your teaching but want to get more from them than the moral at the end... Once Upon an If is the book for you! In his brand new book, award-winning author Peter Worley provides a comprehensive guide to everything a would-be storyteller needs, including how to bring a story to life, tips on how to memorise a story and improvise descriptions, and techniques for using tone, movement and timing to engage and involve the children in your class. Once Upon an If also comprises a treasury of stories, new and old, written especially to get a young audience thinking actively about the deeper issues that lie behind and within the tales. Guidance notes,

lesson plans and activity questions are included with every story and there is a companion website including extra resources for you to use on your interactive whiteboard. Once Upon an If draws on Peter's ten years of experience as a philosophy teacher, trainer and storyteller to help any teacher place stories and storytelling where they should be - back at the heart of teaching.

A collection of Appalachian folktales includes the adventures of Jack and the beanstalk.

Selected Tales contains some of the most timeless and enchanting folk and fairy tales collected by the Brothers Grimm, translated with an introduction by David Luke in Penguin Classics. These folktales collected by Jacob and Wilhelm Grimm are among the most memorable stories in European culture - conjuring up a world of spells and bewitchment, outwitted villains and cruel stepmothers, animal bridegrooms and enchanted princesses. Tales such as 'Hansel and Gretel', 'Little Red Cape' and 'The Robber Bridegroom' depict the dangers lurking in dark forests, and others, including 'Briar-Rose' and 'Snow White' show young beauties punished by unforgiving sorceresses. Other tales include 'Thickasathumb', which portrays a childless young couple whose wish for a baby is granted in an unexpected way, while 'The Frog King' tells of a rash promise made by a haughty princess to share her bed with a frog, and a fortune is won in 'The Blue Lamp', when a soldier gains a kingdom with the help of a magic lamp. David Luke's vibrant translation is accompanied by an introduction discussing the key themes of the tales and the literary background of the Brothers Grimm. This edition also includes new further reading and a chronology, with notes and a glossary. Jacob (1785-1863) and Wilhelm (1786-1859) are nowadays simply known as 'the brothers Grimm'. Both brothers were state-appointed librarians in Kassel, and later members of the Academy of Arts and Sciences in Berlin, where Frederick William IV of Prussia had invited them to settle. Two of Germany's greatest scholars, Jacob is regarded as the founder of the scientific study of the German language, and with his brother Wilhelm initiated the *Deutsches Wörterbuch*, a dictionary of all words in modern High German since 1450. If you enjoyed the Selected Tales of the Brothers Grimm, you might like Hans Christian Andersen's Fairy Tales, also available in Penguin Classics.

Whether you are branding your company, your product, your service, or yourself, learn to boost the power of your story and convey a compelling message in any setting by incorporating villains, victims, and heroes.

- Provides a blueprint for constructing a story that will connect narrator and listener through the scientifically proven effect of neural coupling
- Emphasizes the importance of personal authenticity in effective storytelling
- Provides abundant tips on emotional branding, writing, rhetoric, vocalization, pacing, graphics, body language, breathing, and above all, creating drama
- Applies to a broad array of applications and settings, such as job interviews, ad campaigns, and professional presentations

Gathered by the renowned Irish poet, playwright, and essayist William Butler Yeats, the sixty-five tales and poems in this delightful collection uniquely capture the rich heritage of the Celtic imagination. Filled with legends of village ghosts, fairies, demons, witches, priests, and saints, these stories evoke both tender pathos and lighthearted mirth and embody what Yeats describes as “ the very voice of the people, the very pulse of life. ” “ The impact of these tales doesn ’ t stop with Yeats, or Joyce, or Oscar Wilde, ” writes Paul Muldoon in his Foreword, “ for generations of readers in Ireland and throughout the world have found them flourishing like those persistent fairy thorns. ”

This book links the questions people ask about why things exist, why the world is the way it is, and whether and how it is possible to change their society or world with the societal myths they develop and teach to answer those questions and organize and bring order to their communal lives. It also is about the need for change in western societies ’ current organizing concept, classical (Lockean) liberalism. Despite the attempts of numerous insightful political thinkers, the myth of classical liberalism has developed so many cracks that it cannot be put back together again. If not entirely failed, it is at this point unsalvageable in its present form. Never the thought of just one person, the liberal model of individual religious, political, and

economic freedom developed over hundreds of years starting with Martin Luther ' s dictum that every man should be his own priest. Although, classical liberalism means different things to different people, at its most basic level, this model sees human beings as individuals who exist prior to government and have rights over government and the social good. That is, the individual right always trumps the moral and social good and individuals have few obligations to one another unless they actively choose to undertake them. Possibility ' s Parents argues that Lockean liberalism has reached the end of its logic in ways that make it unable to handle the western world ' s most pressing problems and that novelists whose writing includes the form and texture of myth have important insights to offer on the way forward.

Collected for the first time, these nearly 150 African American folktales animate our past and reclaim a lost cultural legacy to redefine American literature. Drawing from the great folklorists of the past while expanding African American lore with dozens of tales rarely seen before, *The New Annotated African American Folktales* revolutionizes the canon like no other volume. Henry Louis Gates Jr. and Maria Tatar assemble a groundbreaking collection of folktales, myths, and legends that revitalize a vibrant African American past untainted by romantic antebellum sentiment or counterfeit nostalgia. Beginning with introductory essays and 20 seminal African tales as historical background, Gates and Tatar present nearly 150 African American stories, among them familiar Brer Rabbit classics, but also stories like "The Talking Skull" and "Witches Who Ride," out-of-print tales from the 1890s Southern Workman, and stories that finally incorporate Caribbean and Latin American literature within the canon. With illuminating annotations and revelatory illustrations, *The New Annotated African American Folktales* reminds us that stories not only move, entertain, and instruct but, more fundamentally, inspire and keep hope alive. color throughout; 160 illustrations

Encyclopedic in its coverage, this one-of-a-kind reference is ideal for students, scholars, and others who need reliable, up-to-date information on folk and fairy tales, past and present.

- Provides encyclopedic coverage of folktales and fairy tales from around the globe
- Covers not only the history of the fairy tale, but also topics of contemporary importance such as the fairy tale in manga, television, pop music, and music videos
- Brings together the study of geography, culture, history, and anthropology
- Revises and expands an award-winning work to now include a full volume of selected tales and texts

In their new monograph, *Gender and Short Fiction: Women's Tales in Contemporary Britain*, Jorge Sacido-Romero and Laura M Lojo-Rodriguez explain why artistically ambitious women writers continue turning to the short story, a genre that has not yet attained the degree of literary prestige and social recognition the novel has had in the modern period. In this timely volume, the editors endorse the view that the genre still retains its potential as a vehicle for the expression of female experience alternative to and/or critical with dominant patriarchal ideology present at the very onset of the development of the modern British short story at the turn of the nineteenth century.
