The book gives practical instruction and guidance in the use of accounting for effective control and higher profit in hotel and catering operations. The author covers all aspects of the subject, setting arguments and examples in a real context.

KEY BENEFIT: Horngren's Cost Accounting defined the cost accounting market and continues to innovate today by consistently integrating the most current practice and theory. This acclaimed, number one market-leading book embraces the basic theme of "different costs for different purposes." It reaches beyond cost accounting procedures to consider concepts, analyses, and management. This latest edition of Cost Accounting incorporates the latest research and most up-to-date thinking into all relevant chapters. **KEY TOPICS:** Professional issues related to Management Accounting and Management Accountants are emphasized. Chapter topics cover the accountant's role in the organization to performance measurement, compensation, and multinational considerations. **MARKET:** For future accountants who want to enhance their understanding of—and ability to—solve cost accounting problems.

For undergraduate or MBA-level managerial accounting courses. An essential tool for understanding how to make effective economic decisions. In today's troubled economy, it's important to show students how managerial decisions can affect business costs. Introduction to Management Accounting helps to enhance students' ability to make effective economic decisions by encouraging them to understand the inner-workings of the concepts, rather than solely focusing on technique memorization. Overall, this text describes both theory and common practices in a way that will help students produce information that's useful in day-to-day decision-making. The fifth edition includes new and revised material on real-businesses and ethics.

Where To Download Cost Accounting Horngren Chapter 5 Solutions

Readers looking for a dynamic way to learn accounting. Redefining tradition in the accounting course. The tenth edition of Horngren's Accounting presents the core content of the accounting course in a fresh format designed to help today's learners succeed. Built upon the foundation of the Horngren franchise, this new edition was created by an all-new author team who sought to bridge the gap between textbook content and classroom instruction techniques. New pedagogical features such as Instructor Tips & Tricks and Common Questions, Answered walk students through the material as a great instructor would, fostering deeper understanding of accounting theory and practice. The table of contents for the tenth edition has been significantly overhauled to match the way the contemporary course is often taught. Additionally, the whole text has been put through a rigorous accuracy check, so instructors can be confident that it is up-to-date and error-free. And thorough integration between the text and MyAccountingLab places practice opportunities just a few clicks away-and provides a truly interactive learning experience.

Concepts in Health Care Entrepreneurship presents a groundbreaking series of business concepts delivering a unique and powerful education to health care providers wanting to start and operate a self-owned clinic.
