Tired of following other people's rules? Think you can do better? Now's your chance! This innovative and fun new title from Lonely Planet Kids shows you how to design a completely new nation from scratch. Decide on the laws, choose your borders, make your flag, attract loyal citizens and lots more. For rulers aged 8 years and up.

For anyone who's ever dreamed of ruling over their own empire, here's your chance! Micronations are imaginary countries that have a lot of the same things as real ones: laws, customs, history, and their own flags, coins, and postage stamps. Micronations: Invent Your Own Country and Culture takes readers step-by-step to create their own unique realm, using examples from real nations, micronations, and fictional lands. What makes a country a country? What symbols and systems define a country and help it function? Learn about geography and government, technology and the environment, art and culture, and the literary device of "world-building" used in works like The Hobbit and Harry Potter. Kids get to invent their own language, music, games, clothing, food, and holidays to fit their micronation's tradition. Whether they create a land of time travel where every city exists in a different epoch or an underwater monarchy whose chief export is fish, Micronations: Invent Your Own Country and Culture will engage kids' imagination and teach make-believe rulers how the real world works. This title meets Common Core State Standards for literacy in language arts, history and social studies; Guided Reading Levels and Lexile measurements indicate grade level and text complexity.

Welcome to the wonderful world of the Mac! Whether you ' ve just decided to switch from Windows or you ' ve been using a Mac for awhile and want to take advantage of all its bells and whistles, Macs All-in-One Desk Reference For Dummies is the perfect guidebook to Mac land. You probably already know that Macs were made for media. There ' s iPhoto for organizing, editing, and sharing your digital photos; iMovie to let you become a moviemaker; iDVD for preserving that movie and playing your favorites; and of course, iTunes for managing your music. But your Mac is just as happy creating documents, browsing the Internet, putting together cool presentations, or even crunching numbers. This guide shows you how to use all those applications and more. Seven minibooks cover Mac basics: working with photos, movies, and music; using the Internet; working with iLife and iWork applications; various other Mac programs; time-saving tips; and networking. You ' ll discover how to Set up and customize a new Mac Get online, choose a browser, configure an e-mail account, and instant-message with iChat Handle Mac security and troubleshoot problems Create a Web site with iWeb and get it online Back up your files, sync your stuff, and manage your life with your Mac Network your Mac with other computers, even PCs, and share files, printers, and more Even if you ' re a seasoned Mac veteran, we bet you ' ll find some things here you didn ' t know! And you ' ll refer to this book again and again.

The fast and easy way to perfect your project management skills Whatever your profession, effective project management skills are crucial to developing a successful business career. Understand how to develop your plans around a sturdy structure — from start to finish Discover how to select the right people and get the very best from your team Recognise ways to take control and steer your projects to success Get up to speed on mastering the basics of project management If you're a business professional looking to take your project management skills to new heights — but don't want to get bogged down with forehead-scratching jargon and complex methodologies — Project Management Essentials For Dummies has everything you need to get up and running fast.

An international business expert helps you understand and navigate cultural differences in this insightful and practical guide, perfect for both your work and personal life. Americans precede anything negative with three nice comments; French, Dutch, Israelis, and Germans get straight to the point; Latin Americans and Asians are steeped in hierarchy; Scandinavians think the best boss is just one of the crowd. It's no surprise that when they try and talk to each other, chaos breaks out. In The Culture Map, INSEAD professor Erin Meyer is your guide through this subtle, sometimes treacherous terrain in which people from starkly different backgrounds are expected to work harmoniously together. She provides a field-tested model for decoding how cultural differences impact international business, and combines a smart analytical framework with practical, actionable advice.

Create country-style heirlooms with project designs and instructions for stenciling, paper cutting, wood carving, and antiquing.

This is about Psychic Medium Brian Warriner's life and coming out of both the sexual closet and spiritual closet. He writes his story and through his story you can experience his journey and take away the results of his lessons.
