Critical care medicine is one of the fastest-growing areas of practice, and *Critical Care Study Guide*, 1st ed., was the first reference to combine both concise text and reviews with questions. The second edition expands and improves coverage, including comprehensive studies in airway management, cardioversion and defibrillation, medical ethics, and the use of blood products. The unique combination of text with questions and answers makes this a crucial reference for all practitioners and residents who see patients in the Intensive Care Unit, and those planning to sit for medical boards.

You're probably thinking this is just another typical study guide. Because we know your time is limited, we've created a resource that isn't like most study guides. With Trivium Test Prep's unofficial CCRN Review Book 2019-2020: CCRN Exam Prep Study Guide and Practice Test Questions for the Critical Care Nursing Exam you'll benefit from a quick-but-comprehensive review of everything tested on the exam via real-life examples, graphics, and information. Our materials give you that extra edge you need to pass the first time. AACN was not involved in the creation or production of this product, is not in any way affiliated with Trivium Test Prep, and does not sponsor or endorse this product. Trivium Test Prep's CCRN Review Book 2019-2020 offers: A detailed overview of what you need to know for the CCRN exam Coverage of all the subjects over which you will be tested Practice questions for you to practice and improve Test tips and strategies to help you score higher Trivium Test Prep's CCRN Review Book 2019-2020 covers: Cardiovascular Pulmonary Endocrine Hematology/Immunology Neurology Gastrointestinal Renal Multisystem Behavioral/Psychosocial Professional Care and Ethical Practice ...and includes a FULL practice test! About Trivium Test Prep Trivium Test Prep is an independent test prep study guide company that produces and prints all of our books right here in the USA. Our dedicated professionals know how people think and learn, and have created our test prep products based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our study materials are specifically tailored for your exact needs. We offer a comprehensive set of guides guaranteed to raise your score for exams from every step of your education; from high school, to college or the military, to graduate school. Let our study guides guide you along the path to the professional career of your dreams!

Staff Educator's Guide to Clinical Orientation, 2E guides readers in creating and sustaining a high-quality orientation and onboarding program that meets the needs of nurses, organizations, and patients. In this fully revised second edition, authors Alvin Jeffery, Robin Jarvis, and Amy Word-Allen provide all the tools staff educator's need to successfully develop a nursing and healthcare workforce. Whether the staff educator is new to leading orientation efforts or a seasoned nursing staff development specialist, this book will help readers:

- Understand and use the ADDIE model
- Analyze, design, and implement an orientation program
- Evaluate an individual's competency
- Conduct surveys and focus groups
- Manage orientee errors and personality conflicts
