Miami, "the Magic City," really began in 1891 when a widow from Cleveland, Julia Tuttle, moved to South Florida and convinced Standard Oil cofounder Henry Flagler to help her develop the area. Flagler built a railroad to Miami and the tourists began to arrive, entranced by the orange blossoms and fine weather. During World War II, the city grew as the military moved in to build major training centers that brought thousands of new people into the region. Sites include: Cape Florida, Royal Palm Hotel, Halcyon Hotel, Point View, Burlingame Island, Jackson Memorial Hospital, Flagler Street, Scottish Rite Temple, Freedom Tower, Biscayne Boulevard, Riverside, Tamiami Trail, Miami River, Coconut Grove, Vizcaya, El Jardin, Pan Am terminal, Coral Gables, Biltmore Hotel, Douglas Entrance, Miracle Mile, Hialeah Race Course, Opa-Locka, Miami Beach, Collins Canal, Fisher Island, Espanola Way, Deauville Hotel, Normandy Isle and Old City Hall.

By the time the City of Miami was born in 1896, Coconut Grove was already a well-defined community with a variety of interesting residents who liked what they found and were willing to fight to keep it that way. Images of America: Coconut Grove tells their story from the native people who called it home to the Bahamians and sophisticated settlers who together shaped its special character. Despite hurricanes, booms, busts, and those who would change it, Coconut Grove remains uniquely itself.

For more information including the introduction, a full list of entries and contributors, a generous selection of sample pages and more, visit the Encyclopedic of 20th Century Architecture website. Focusing on architecture from all regions of the world, this three-volume set profiles the twentieth century's vast chronicle of architectural

achievements, both within and well beyond the theoretical confines of modernism. Unlike existing works, this encyclopedia examines the complexities of rapidly changing global conditions that have dispersed modern architectural types, movements, styles, and building practices across traditional geographic and cultural boundaries.

Thousands of fascinating facts and figures on all aspects of life in the Sunshine State. This book, a combination atlas, directory, tourist guide, and reference manual, covers everything you want to know about the state of Florida. The current edition has updated statistics on all of the topics found in past annuals, a hurricane survival guide, and everything from basic history to residential requirements to live in the state of Florida. A very good resource for Florida natives as well as those planning to visit the state.

This illustrated guide is unique. Fans of Miami Vice, Scarface, Burn Notice, and 80s Miami movies will appreciate it. The guide will also interest students of Miami history and Art Deco as well as those nostalgic about Miami in the 80s. It explains for the first time that these shows are really a time capsule of long gone Miami scenes. They serve as a record of when Miami was 1980s America on steroids. Burn Notice, an innovative show in its own right, followed Miami Vice's lead. When compared to similar scenes from Vice, recent TV shows reveal the distinctiveness of the 80s. These TV shows also provide a window into today's Miami. The guide shows where views of long gone iconic locations and typical Miami scenes can be found on the DVDs. The value of Miami Vice to South Florida is explained. Personal observations are provided by the author who lived there during the Vice years. All music played on Miami Vice is listed as well as key locations in all Vice, movies, and recent TV episodes.

Seaside: Views of a New Town is a 35-year photographic documentation, providing a unique record of how the new town of Seaside in the Florida Panhandle evolved from the visionary idea of founder Robert Davis to becoming ground zero for the New Urbanism movement, which advocates for a sensibility in town planning that had been lost but is now being employed throughout the country. Steven Brooke is an internationally recognized leader in the photography of architecture, landscape and design. Winner of the Rome Prize from the American Academy in Rome and the National Honor Award in Photography from the American Institute of Architects, he is the photographer of over 40 books on architecture and design. Steven is on the faculty of the University of Miami School of Architecture and hosts a popular youtube channel on architectural photography and composition.

The Literature of Emigration and Exile is a collection of works from various writers that explore the literature of emigration and exile. These writers examine poetic, fictional, and biographical voices from settings such as Turkey, renaissance Italy, modern Spain, Central and South America, Eastern Europe, China, Canada, and elsewhere.
