Fascism A Warning

In *Fascism: A Warning*, Madeleine Albright, draws on her own experiences as a child in war-torn Europe and her distinguished career as a diplomat to question that very assumption. Fascism, as Albright shows, not only endured through the course of the twentieth century, but now presents a more virulent threat to international peace and justice than at any time since the end of World War II.

Fascism: A Warning: Amazon.co.uk: Albright, Madeleine ...

In *Fascism: A Warning*, Albright weaves her personal history with the history of the rise of fascism in Italy with Benito Mussolini and

MADELEINE ALBRIGHT: FASCISM a Warning. The former secretary of state Madeleine Albright recently issued a book titled: Fascism a Warning. Having in mind the title of the book, I expected a text that would be a serious, scientific contribution to the deeper study of the causes of the origin, development and consequences of the social pathological phenomena called Fascism.

Best Books of 2018 --The Economist
A personal and urgent examination of Fascism in the twentieth century and how its legacy shapes today's world, written by one of America's most admired public servants, the first woman to serve as U.S. secretary of state
A Fascist, observes Madeleine Albright, "is someone who claims to speak for a whole

Access Free Fascism A Warning

nation or group, is utterly unconcerned with the rights of others, and is willing to use violence and whatever other means are necessary to achieve the goals he or she might have.”

The twentieth century was defined by the clash between democracy and Fascism, a struggle that created uncertainty about the survival of human freedom and left millions dead. Given the horrors of that experience, one might expect the world to reject the spiritual successors to Hitler and Mussolini should they arise in our era. In *Fascism: A Warning*, Madeleine Albright draws on her experiences as a child in war-torn Europe and her distinguished career as a diplomat to question that

assumption. Fascism, as she shows, not only endured through the twentieth century but now presents a more virulent threat to peace and justice than at any time since the end of World War II. The momentum toward democracy that swept the world when the Berlin Wall fell has gone into reverse. The United States, which historically championed the free world, is led by a president who exacerbates division and heaps scorn on democratic institutions. In many countries, economic, technological, and cultural factors are weakening the political center and empowering the extremes of right and left. Contemporary leaders such as Vladimir Putin and Kim Jong-un are employing many of the tactics

“No single book is as relevant to the present moment.”—Claudia Rankine, author of *Citizen* “One of the defining books of the decade.”—Elizabeth Hinton, author of *From the War on Poverty to the War on Crime* NEW YORK TIMES BOOK REVIEW EDITORS’ CHOICE • With a new preface • Fascist politics are running rampant in America today—and spreading around the world. A Yale philosopher identifies the ten pillars of fascist politics, and charts their horrifying rise and deep history.

Access Free Fascism A Warning

As the child of refugees of World War II Europe and a renowned philosopher and scholar of propaganda, Jason Stanley has a deep understanding of how democratic societies can be vulnerable to fascism: Nations don't have to be fascist to suffer from fascist politics. In fact, fascism's roots have been present in the United States for more than a century. Alarmed by the pervasive rise of fascist tactics both at home and around the globe, Stanley focuses here on the structures that unite them, laying out and analyzing the ten pillars of fascist politics—the language and beliefs that separate people into an “us” and a “them.” He knits together reflections on history, philosophy,

Access Free Fascism A Warning

sociology, and critical race theory with stories from contemporary Hungary, Poland, India, Myanmar, and the United States, among other nations. He makes clear the immense danger of underestimating the cumulative power of these tactics, which include exploiting a mythic version of a nation's past; propaganda that twists the language of democratic ideals against themselves; anti-intellectualism directed against universities and experts; law and order politics predicated on the assumption that members of minority groups are criminals; and fierce attacks on labor groups and welfare. These mechanisms all build on one another, creating and reinforcing divisions and

Access Free Fascism A Warning

shaping a society vulnerable to the appeals of authoritarian leadership. By uncovering disturbing patterns that are as prevalent today as ever, Stanley reveals that the stuff of politics—charged by rhetoric and myth—can quickly become policy and reality. Only by recognizing fascists politics, he argues, may we resist its most harmful effects and return to democratic ideals. “With unsettling insight and disturbing clarity, *How Fascism Works* is an essential guidebook to our current national dilemma of democracy vs. authoritarianism.” —William Jelani Cobb, author of *The Substance of Hope*

Prologue -- Individualism or

Access Free Fascism A Warning

totalitarianism -- Succession or failure -- Integration or empire -- Novelty or eternity -- Truth or lies -- Equality or oligarchy -- Epilogue

“Richly detailed. . . an intimate portrait of a diplomat.” —New Yorker In this revealing, funny, and inspiring memoir, seven-time New York Times bestselling author and former Secretary of State Madeleine Albright—among the world’s most admired and tireless public servants—reflects on the challenge of continuing one’s career far beyond the normal age of retirement. In 2001, when Madeleine Albright was leaving office as America’s first female secretary of state, interviewers asked her how she wished to be remembered. “I

Access Free Fascism A Warning

don't want to be remembered," she answered. "I am still here and have much more I intend to do. As difficult as it might seem, I want every stage of my life to be more exciting than the last." In that time of transition, the former Secretary considered the possibilities: she could write, teach, travel, give speeches, start a business, fight for democracy, help to empower women, campaign for favored political candidates, spend more time with her grandchildren. Instead of choosing one or two, she decided to do it all. For nearly twenty years, Albright has been in constant motion, navigating half a dozen professions, clashing with presidents and prime ministers, learning every day. Since leaving

Access Free Fascism A Warning

the State Department, she has blazed her own trail—and given voice to millions who yearn for respect, regardless of gender, background, or age. *Hell and Other Destinations* reveals this remarkable figure at her bluntest, funniest, most intimate, and most serious. It is the tale of our times anchored in lessons for all time, narrated by an extraordinary woman with a matchless zest for life.

Political art for perilous times.

In a stunning indictment of the Bush administration and Congress, best-selling author Naomi Wolf lays out her case for saving American democracy. In authoritative research and

Access Free Fascism A Warning

documentation Wolf explains how events of the last six years parallel steps taken in the early years of the 20th century's worst dictatorships such as Germany, Russia, China, and Chile. The book cuts across political parties and ideologies and speaks directly to those among us who are concerned about the ever-tightening noose being placed around our liberties. In this timely call to arms, Naomi Wolf compels us to face the way our free America is under assault. She warns us—with the straight-to-fellow-citizens urgency of one of Thomas Paine's revolutionary pamphlets—that we have little time to lose if our children are to live in real freedom. "Recent history has profound lessons for

Access Free Fascism A Warning

us in the U.S. today about how fascist, totalitarian, and other repressive leaders seize and maintain power, especially in what were once democracies. The secret is that these leaders all tend to take very similar, parallel steps. The Founders of this nation were so deeply familiar with tyranny and the habits and practices of tyrants that they set up our checks and balances precisely out of fear of what is unfolding today. We are seeing these same kinds of tactics now closing down freedoms in America, turning our nation into something that in the near future could be quite other than the open society in which we grew up and learned to love liberty," states Wolf. Wolf is taking her

Access Free Fascism A Warning

message directly to the American people in the most accessible form and as part of a large national campaign to reach out to ordinary Americans about the dangers we face today. This includes a lecture and speaking tour, and being part of the nascent American Freedom Campaign, a grassroots effort to ensure that presidential candidates pledge to uphold the constitution and protect our liberties from further erosion. The End of America will shock, enrage, and motivate—spurring us to act, as the Founders would have counted on us to do in a time such as this, as rebels and patriots—to save our liberty and defend our nation.

Access Free Fascism A Warning

A national bestseller on its original publication in 2003, *Madam Secretary* is a riveting account of the life of America's first woman Secretary of State, Madeleine Albright. For eight years, during Bill Clinton's two presidential terms, Albright was a high-level participant in some of the most dramatic events of our time—from the pursuit of peace in the Middle East to NATO's intervention in the Balkans to America's troubled relations with Iran and Iraq. In this thoughtful memoir, one of the most admired women in U.S. history reflects on her remarkable personal story, including her upbringing in war-torn Europe and the balancing of career and family responsibilities, and on America's leading role in a

Access Free Fascism A Warning

changing world. With a new epilogue by the author, Madam Secretary offers an inimitable blend of Albright's warm humor, probing insights, and distinctive ideas.

#1 New York Times Bestseller * A historian of fascism offers a guide for surviving and resisting America's turn towards authoritarianism. The Founding Fathers tried to protect us from the threat they knew, the tyranny that overcame ancient democracy. Today, our political order faces new threats, not unlike the totalitarianism of the twentieth century. We are no wiser than the Europeans who saw democracy yield to fascism, Nazism, or communism. Our one

Access Free Fascism A Warning

advantage is that we might learn from their experience. On Tyranny is a call to arms and a guide to resistance, with invaluable ideas for how we can preserve our freedoms in the uncertain years to come. "Mr. Snyder is a rising public intellectual unafraid to make bold connections between past and present." --The New York Times
