Kurt Vonnegut: "Fates Worse Than Death" | WNYC | New York ...

Published in 1991, Fates Worse Than Death is a collection of autobiographical essays by Kurt Vonnegut. In the collection, Vonnegut explores his childhood, college life, and time in the army, as well as his thoughts on the hypocrisy of the Reagan administration. Vonnegut (1922-2007) is one of the most celebrated of American authors.

Fates Worse Than Death Summary | SuperSummary
In melodramas of a century ago, a female's loss of virginity outside of holy wedlock was sometimes spoken of as a fate worse than death. I hope that isn't what the Pentagon or the Kremlin has in mind — but you never know. I would rather die for virginity than for petroleum, I think. It's more literary, somehow.

Vonnegut pictures himself as a depressive, though his less-than-faint hope for humanity is not as corroded as Mark Twain's during his later years. Vonnegut's most well-developed theme is in the title, as he weighs fates worse than death, including crucifixion (enslavement by the Reverend Jim Jones of the Guyana Kool-Aid horror doesn't measure up).

This is the second volume of Vonnegut's autobiographical writings - a collage of his own life story, snippets up and stuck down alongside his views on everything from suicidal depression to the future of the planet and Andrew Lloyd Webber. Honest, dark, rambling, funny; this rare glimpse of Vonnegut's soul is a dagger to the heart of Western complacency.

The author of Slaughterhouse Five presents a collection of essays and reminiscences, offering a self-portrait that assesses his own life and the current state of the world.
Reprint.

From Slapstick's "Turkey Farm" to Slaughterhouse-Five's eternity in a Tralfamadorean zoo cage with Montana Wildhack, the question of the afterlife never left Kurt Vonnegut's mind. In God Bless You, Dr. Kevorkian, Vonnegut skips back and forth between life and the Afterlife as if the

Get Free Fates Worse Than Death Kurt Vonnegut

difference between them were rather slight. In thirty odd "interviews," Vonnegut trips down "the blue tunnel to the pearly gates" in the guise of a roving reporter for public radio, conducting interviews: with Salvatore Biagini, a retired construction worker who died of a heart attack while rescuing his schnauzer from a pit bull, with John Brown, still smoldering 140 years after his death by hanging, with William Shakespeare, who rubs Vonnegut the wrong way, and with socialist and labor leader Eugene Victor Debs, one of Vonnegut's personal heroes. What began as a series of ninety-second radio interludes for WNYC, New York City's public radio station, evolved into this provocative collection of musings about who and what we live for, and how much it all matters in the end. From the original portrait by his friend Jules Feiffer that graces the cover, to a final entry from Kilgore Trout, God Bless You, Dr. Kevorkian remains a joy.

NEW YORK TIMES BESTSELLER • "For all those who have lived with Vonnegut in their imaginations . . . this is what he is like in person."—USA Today In a volume that is penetrating, introspective, incisive, and laugh-out-loud funny, one of the great men of letters of this age—or any age—holds forth on life, art, sex, politics, and the state of America's soul. From his coming of age in America, to his formative war experiences, to his life as an artist, this is Vonnegut doing what he does best: Being himself. Whimsically illustrated by the author, *A Man Without a Country* is intimate, tender, and brimming with the scope of Kurt Vonnegut's passions. Praise for *A Man Without a Country* "[This] may be as close as Vonnegut ever comes to a memoir."—Los Angeles Times "Like [that of] his literary ancestor Mark Twain, [Kurt Vonnegut's] crankiness is good-humored and sharp-witted. . . . [Reading *A Man Without a Country* is] like sitting down on the couch for a long chat with an old friend."—The New York Times Book Review

Get Free Fates Worse Than Death Kurt Vonnegut

“Filled with [Vonnegut’s] usual contradictory mix of joy and sorrow, hope and despair, humor and gravity.”—Chicago Tribune “Fans will linger on every word . . . as once again [Vonnegut] captures the complexity of the human condition with stunning calligraphic simplicity.”—The Australian “Thank God, Kurt Vonnegut has broken his promise that he will never write another book. In this wondrous assemblage of mini-memoirs, we discover his family’s legacy and his obstinate, unfashionable humanism.”—Studs Terkel

Kurt Vonnegut presents in *Fates Worse than Death* a veritable cornucopia of Vonnegut's thought on what could best be summed up as perhaps anti-theology, a manifesto for atheism that details Vonnegut's drift from conventional religion, even a tract evidencing belief in the divine held within each individual self; the Deity within each individual person present in a universe that otherwise lacks any real order. Vonnegut was never a real optimist and with just cause: he had an incredibly difficult life (he had been a prisoner of war from which he drew the title for his book *Slaughterhouse-Five*) and suffered from failing health, which only showed him his own mortality even more than he already knew it. Still, most readers find that in the body of Vonnegut's work there is still a glimmer of desperate hope. Vonnegut's continued search for meaning surely counts for a great deal as he balances hope and despair. Scholars and fans can read about Vonnegut's experiences during World War II and the after-effect he felt it had on him. His religious (or anti-religious) ramblings and notations are interesting and, by turns, funny and perceptive. The humor may be dark, but that does not make it any the less funny. --Provided by publisher.

The New York Times bestseller from the author of *Slaughterhouse-Five*—a “gripping” posthumous collection of

Get Free Fates Worse Than Death Kurt Vonnegut

Kurt Vonnegut's previously unpublished work on the subject of war and peace. A fitting tribute to a literary legend and a profoundly humane humorist, *Armageddon in Retrospect* is a collection of twelve previously unpublished writings. Imbued with Vonnegut's trademark rueful humor and outraged moral sense, the pieces range from a letter written by Vonnegut to his family in 1945, informing them that he'd been taken prisoner by the Germans, to his last speech, delivered after his death by his son Mark, who provides a warmly personal introduction to the collection. Taken together, these pieces provide fresh insight into Vonnegut's enduring literary genius and reinforce his ongoing moral relevance in today's world. Includes an Introduction by Mark Vonnegut

A New York Times Notable Book from the acclaimed author of *Slaughterhouse-Five*, *Breakfast of Champions*, and *Cat's Cradle*. At 2:27pm on February 13th of the year 2001, the Universe suffered a crisis in self-confidence. Should it go on expanding indefinitely? What was the point? There's been a timequake. And everyone—even you—must live the decade between February 17, 1991 and February 17, 2001 over again. The trick is that we all have to do exactly the same things as we did the first time—minute by minute, hour by hour, year by year, betting on the wrong horse again, marrying the wrong person again. Why? You'll have to ask the old science fiction writer, Kilgore Trout. This was all his idea.

A special fiftieth anniversary edition of Kurt Vonnegut's masterpiece, "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (*Time*), featuring a new introduction by Kevin Powers, author of the National Book Award finalist *The Yellow Birds* Selected by the Modern Library as one of the 100 best novels of all

Get Free Fates Worse Than Death Kurt Vonnegut

time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming "unstuck in time." An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O'Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves." Fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an

Get Free Fates Worse Than Death Kurt Vonnegut

enduring beacon through our own era's uncertainties. "Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement."—The Boston Globe

"[Kurt Vonnegut] is either the funniest serious writer around or the most serious funny writer."—Los Angeles Times Book Review In this self-portrait by an American genius, Kurt Vonnegut writes with beguiling wit and poignant wisdom about his favorite comedians, country music, a dead friend, a dead marriage, and various cockamamie aspects of his all-too-human journey through life. This is a work that resonates with Vonnegut's singular voice: the magic sound of a born storyteller mesmerizing us with truth. "Vonnegut is at the top of his form, and it is wonderful."—Newsday

Those who know Kurt Vonnegut as one of America's most beloved and influential writers will be surprised and delighted to discover that he was also a gifted graphic artist. This book brings together the finest examples of his funny, strange, and moving drawings in an inexpensive, beautifully produced gift volume for every Vonnegut fan. Kurt Vonnegut's daughter Nanette introduces this volume of his never before published drawings with an intimate remembrance of her father. Vonnegut always drew, and many of his novels contain sketches. *Breakfast of Champions* (1973) included many felt-tip pen drawings, and he had a show in 1983 of his drawings at New York's Margo Feiden Gallery, but really got going in the early 1990s when he became acquainted with the screenprinter Joe Petro III, who became his partner in making his colorful drawings available as silkscreens. With a touch of cubism, mixed with a Paul Klee gift for caricature, a Calder-like ability to balance color and line, and more than a touch of sixties psychedelic sensibility, Vonnegut's aesthetic is as

Get Free Fates Worse Than Death Kurt Vonnegut

idiosyncratic and defiant of tradition as his books. While writing came to be more onerous in his later years, making art became his joyful primary activity, and he made drawings up until his death in 2007. This volume, and a planned touring exhibition of the drawings, will introduce Vonnegut's legion of fans to an entirely new side of his irrepressible creative personality.
