# Online Library Forex Price Action Scalping An In Depth Look Into The Field Of Professional Scalping

Forex Price Action Scalping provides a unique look into the field of professional scalping. Packed with countless charts, this extensive guide on intraday tactics takes the reader straight into the heart of short-term speculation. The book is written to accommodate all aspiring traders who aim to go professional and who want to prepare themselves as thoroughly as possible for the task ahead. Few books have been published, if any, that take the matter of scalping to such a fine and detailed level as does Forex Price Action Scalping. Hundreds of setups, entries and exits (all to the pip) and price action principles are discussed in full detail, along with the notorious issues on the psychological side of the job, as well as the highly important but often overlooked aspects of clever accounting. The book, counting 358 pages, opens up a wealth of information and shares insights and techniques that are simply invaluable to any scalper who is serious about his trading.

Understanding Price Action is a must read for both the aspiring and professional trader who seek to obtain a deeper understanding of what is commonly referred to as "trading from the naked chart." With hundreds of examples commented on in great detail, Volman convincingly points out that only a handful of price action principles are responsible for the bulk of fluctuations in any market session-and that it takes common sense, much more than mastery, to put these essentials to one's benefit in the trading game. The power of the book lies in the exceptional transparency with which the concepts and trading techniques are put forth. Besides offering the reader a comprehensive study on price action mechanics, included within is a series of six months of consecutive sessions of the eur/usd 5-minute. Containing nearly 400 fully annotated charts, this section alone harbors a massive database of intraday analysis, not found in any other trading guide. Written with a razor-sharp eye for practical detail, yet in a highly absorbable manner, Understanding Price Action breathes quality from every page and is bound to become a classic in the library of any trader who is serious about his education.

A detailed guide to profiting from trend reversals using the technical analysis of price action The key to being a successful trader is finding a system that works and sticking with it. Author Al Brooks has done just that. By simplifying his trading system and trading only 5-minute price charts he's found a way to capture profits regardless of market direction or economic climate. His first book, Reading Price Charts Bar by Bar, offered an informative examination of his system, but it didn't allow him to get into the real nuts and bolts of the approach. Now, with this new series of books, Brooks takes you step by step through the entire process. By breaking down his trading system into its simplest pieces: institutional piggybacking or trend trading, trading ranges, and transitions or reversals (the focus of this book), this three book series offers access to Brooks' successful methodology. Trading Price Action Reversals reveals the various types of reversals found in today's markets and then takes the time to discuss the specific characteristics of these reversals, so that you can use them in your everyday trading endeavors. While price action analysis works on all time frames, there are different techniques that you can use in trading intraday, daily, weekly and monthly charts. This, among many other issues, is also addressed throughout these pages. Offers insights on how to handle volatility and sharp reversals Covers the concept of using options when trading certain charts Examines how to deal with the emotions that come along with trading Other books in the series include Trading Price Action Trends and Trading Price Action Trading Ranges If you're looking to make the most of your time in today's markets the trading insights found in Trading Price Action Reversals will help you achieve this goal.

Robots and all kind of crap...you know what I am talking about. My family and friends, thought I have lost my mind, spending all this time in front of the screen(you may recognize yourself here) and looking at "stupid charts" I kind of had become the laughing stock of the company " Look, the Forex Head is Alive" Eventually it got so bad, that I lost all interest in trading and was ready to quit... One afternoon, I overheard a conversation while at the golf course...yeah I am a snooper. There were two guys, sipping on something that came with a "small umbrella on top" and one of them was saying something so impressive, that made my ears become as big as an elevator shaft. The guys were speaking of a stock trader, turn to be a Forex trader, that was raking in the vicinity of 20 to 30k a month, from his house computer, doing it with couple trades a month. Listen to this, the guy was not a screen struck maniac like myself, he was not some kind of national television speaker, it turned out he was a member of the same golf club, I was a member too. Now, you can imagine my excitement and hopes came up, I was determined to meet this guy and squeeze every once of knowledge out of him... However, there was a big problem, that trader, I will call him trader X, for familiar reasons, did not go to the bars, was not in the social networks, and was not holding any training and educational courses on "how to be the next forex millionaire". He was quietly running the Forex Cash machine of his, had a large family and was spending time in his huge house. Now, I came in with a plan, where I would meet Trader X at one of the Club Events...you know those fund raiser things, Trader X was known for one thing, dumping a large sums of money on different causes that he cared about. I was able to talk Trader X in to giving me a half hour short consult. At the end I offered trader X to pay him for his services, and that's where my frustration became full, Trader X was not for sale. It didn't matter what I offered...whatever that was, it was all I had, he would not chime in to my idea of training me. Finally after much bugging him, he gave in and we started a regular weekly meetings, but he refused to get any money. He was saying..."Boy you are my fun today, all that trading is too boring and makes me sad". I was like, "K, if it is that boring, make me sad too" you know, let the stashes of cash come down. Eventually I moved to a different city and never heard of Trade X again. What I am about to reveal in this book is the real dirty truth about Forex and how you too can be the next Trader X. Praise for FOREX CONQUERED "In this amazing book, John covers it all. From trading systems to money management to emotions, he explains easily how to pull money consistently from the most complicated financial market in the world. John packs more new, innovative information into this book than I have ever seen in a trading book before." –Rob Booker, independent currency trader "John Person is one of the few rare talents that are uniquely qualified to help traders understand the process of successful trading. With today's markets becoming increasingly challenging, John has cut right into the essentials and brought forward the much-needed tools of forex trading. This clear and well-organized publication is a major step forward in helping traders gain an edge. I would highly recommend Forex Conquered as a valuable handbook for both aspiring and experienced traders alike." –Sandy Jadeja, Chief Market Analyst and Editor London Stock Exchange, London, England "Forex Conquered is a bold title, but this book delivers the tools needed for successful forex trading. There is no fluff here, just the wisdom of a trading veteran that I have always respected—and followed." –Michael Kahn, Editor, Quick Takes Pro market letter and Columnist, Barron's Online "This is a wonderful, in-depth view into the explanation of technical analysis and prudent money management guidelines in the forex market." –Blake Morrow, President, 4XMadeEasy "Forex Conquered is a meaningful contribution to the growing number of books on forex trading. John Person provides a professional view of forex trading that readers will be able to use as a guide for strategies and tactics that work. The scope of the book covers more than forex and includes salient aspects of futures and option trading. It should be read and then re-read!" –Abe Cofnas, President, Learn4x.com Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.
