Mind Map is an important modern tool for building concepts. It is a graphical way to represent concepts. It helps in structuring information, enables a better logical analysis which is eventually used in recalling the facts during the examination. The key for all competitive examinations is conceptual clarity. "Mind Maps - Foundation Physics - Class - X" is written exclusively for students aspiring to crack NTSE and Olympiad. The book emphasizes concept building in Physics through the pictographic depiction of the content. About Author Dr. Pankaj Kumar is a known faculty and author who is very popular for his books on Mind Maps. He authored 24 books on the different aspects of Biology for NEET aspirants. He successfully mentored several students for NEET and quite a few of them got Top Ranks. The very requirement of students was the basic guiding force for writing Mind Maps books which are unique in their domain. Devenndra Chaandrakar is a well-known faculty of Physics for IITJEE / NEET. He mentored several students for IITJEE and also successfully guided students for Olympiad. His teaching experience and content flow are well captured in the book.
