Harley Davidson

Harley Davidson

Everyone knows that Harley's not quite over her last ex-boyfriend. Can she really open her heart to another man? Well, Mason Macabre's not like any other guy she's known before...and not just because he hasn't tried to kill her yet!

The Art of Monsters, Inc. opens the door into Pixar's colorful archives of concept art and to the endearing story of Monsters, Inc. Since the very first bedtime, children around the world have known that once their parents tuck them into bed and shut off the light, monsters lie waiting behind closet doors, ready to emerge. But what they don't realize is that these monsters scare children because they have to. It's their job. This superb film from Pixar Studios, the people who brought you Toy Story, A Bug's Life, and Toy Story 2, reveals the truth about monsters with the brilliant techniques that have earned them their reputation as a ground-breaking animation studio. This incredible body of artwork was commissioned from the top artists, illustrators, and animators in the industry and from it the ultimate visual approach of the film was defined. From sketches scribbled on napkins and quickly inked marker drawings, to finished oil paintings and fabulous pastel color scripts, this behind-the-scenes artwork reveals the elaborate creative process behind a blockbuster film.

DIVAnyone who rides a motorcycle lives, to some degree, in the margins of society. Where members of the herd drive Toyota Camrys and hipster hatchbacks, bikers opt for Harley-Davidsons, Triumphs, and Ducatis, putting themselves out there like raised middle fingers thrust at the ordinary citizens of the world. And just as a motorcyclistâ€™s ride is an affront to the sensibilities of the meek and the conventional, so too is the ink on his or her skin. Tattoos have long been an integral part of this culture, the result of the overwhelming number of ex-military men who formed the nucleus of the postwar outlaw motorcycle club scene. These soldiers, sailors, and marines returned from war with statements etched in ink upon their bodies, and they continued that tradition when they formed the clubs that came to define motorcycle culture. In 1000 Biker Tattoos, motorcycle photographer Sara Liberte celebrates this most personal of art forms by capturing the wild abandon of the motorcycle lifestyle as expressed through tattoo work. Featuring 1,000 photos of tattoos and the artwork used to create them, along with profiles of the most renowned tattoo artists in the biker community, this book provides an unprecedented window into the most intimate aspect of motorcycle culture./div

Yer pal Harley Quinn back again! Now, there might be a lot of new faces in Gotham, but it's always nice to see an old friend. Okay, so Catwoman explicitly asked me not to call her my friend, but I know she secretly loves me under that tough, broody, leather-clad exterior. You're not gonna wanna miss this one as we tangle with those boring Magistrate goons in Alleytown like a real dynamic duo! I smash a lot of stuff with my bat, and Selina does a bunch of flips and awesome things with her whip. She's so cool.

A beautiful and comprehensive celebration of the art and design of classic motorcycles, from the early twentieth century through the 1950s. This is the most beautiful book of its kind: celebrating the art and design of the luxury motorcycle by presenting forty of the best-designed and most enduringly iconic motorcycles ever made, spanning half a century. The book showcases forty rare and exceptional motorcycles, from 1905 to 1956, presented in chronological order, illustrated with stunning studio photographs that present the machines as works of art and wonders of design in themselves. An international roster is featured: a 1905 Peugeot Factory Racer, a 1916 Indian Power Plus, a 1929 Majestic, a 1936 Excelsior Manxman, a 1951 Harley Davidson 750CC WR, a 1951 Vincent 1000CC Black Shadow, and a 1955 Triumph Tiger Cub, among others. Written by a motorcycle collector and expert, the book presents the history of the motorcycle through the most significant makes of all time. Each is accompanied by detailed images and texts covering the bike's background, legends behind the machines, feats of design and engineering, and tales of classic races, rallies, and motorcycle shows. The book is enhanced with reproductions of period ads and historic photos, evoking a sense of time and place.

Travis Maddox, Eastern University's playboy, makes a bet with good girl Abby that if he loses, he will remain abstinent for a month, but if he wins, Abby must live in his apartment for the same amount of time.

The fan-favorite creative team of Amanda Conner and Jimmy Palmiotti joins forces with a slew of superstar comics creators—including Neal Adams, Simon Bisley, Joseph Michael Linsner, Billy Tucci, John Timms and more—for HARLEY’S LITTLE BLACK BOOK. She’s the psychopathic psychotherapist with a heart of gold and a mind for mayhem. Now she’s uniting with the greatest heroes in the DC Universe in her very own team-up title. Ain’t it amazing? With the Joker firmly in her rearview mirror, Harley Quinn has become an antihero like no other. But sometimes she runs into threats too, uh, threatening for any one person to beat. That’s when she turns to a who’s who of the biggest, baddest, most bodacious heroes in the whole universe! Superman. Wonder Woman. Green Lantern. Zatanna. Lobo. And...Harley Quinn??? Whoever’s tagging along, there’s one thing for sure: Wherever Harley goes, high-octane hijinks are sure to follow! Flip through at your own risk! Collects the full six-issue miniseries.

After Batman meets a young boy whose parents were murdered, he reflects on his own life and examines the nature of crime in Gotham City.

Harley Quinn

The history of painters in comics goes back to the dawn of pulp magazine covers. From "The Shadow" and "The Spider" to "The Black Bat" and so many other characters, painter's works have graced the covers of comics and pulps, which have influenced many artists over the decades. This deluxe coffeetable art book, edited and overseen by Alex Ross — one of the comic industry's most recognized painters, whose expertise has helped guide and define its contents — is the most important, most comprehensive prestige hardcover retrospective of the history of painters in comics, of all time.

America's original - and long considered its best - sports car, the Chevrolet Corvette is fast, sexy, sleek, sublime. The legacy of the Corvette is matched only by its beauty, captured here like never before. Art of the Corvette profiles two dozen Corvettes from all seven generations, beginning with the first 1953 Blue Flame Six Corvette and concluding with the return of an icon, the stunning 2014 Corvette Stingray. Using a unique style of portraiture known as light-painting, acclaimed photographers Randy Leffingwell and Tom Loeser present the most recognizable, unique, and historic Corvettes ever produced. From the chrome-lined grilles of the 1953 Roadster and sexy curves of the first C3s to the aggressive snarl of the 2012 ZR1 and the bold, blunt powerhouse of the 2014 Corvette Stingray, all are presented in breathtaking color and detail. Rare and one-off cars abound as well, like the 1963 Z06 Sting Ray and one of only a handful of 1967 L88 convertibles. With an authoritative text by Leffingwell, one of the world's leading Corvette historians, and over 200 stunning photographs, Art of the Corvette presents this landmark of American automotive engineering and design, the Chevrolet Corvette, as never before seen. Some of the vehicles you'll find inside include: 1953 Corvette - 1963 Sting Ray Z06 coupe - 1966 Sting Ray L72 coupe - 1969 L71 convertible - 1978 Indy Pace Car - 1989 convertible - 1996 Grand Sport coupe - 2003 50th anniversary convertible - 2012 ZR1 coupe - 2014 C7 Stingray coupe
