Cases in Human Resource Management provides students with insights into common challenges, dilemmas, and issues human resource managers face in the workplace. Using a wide variety of well-known companies and organizations, author David Kimball engages students with original, real-world cases that illustrate HRM topics and functions in action. Each case is designed to encourage students to find new solutions to human resource issues and to stimulate class discussion. Case questions challenge students to think critically, apply concepts, and develop their HRM skills. The contents are organized using the same topical coverage and structure as most HRM textbooks, making Kimball the ideal companion for any introductory HRM course.

This case, based on a fictional UK-based organization, gives learners the opportunity to think about key decisions involved in international assignments and to transfer their knowledge of domestic HR issues to an international context. Students will learn about the main elements and issues related to international assignments; when it is appropriate to use expatriate workers; the skills and knowledge needed by expatriate workers; and how organizations can prepare expatriate managers to succeed in an international assignment. A brief

Conducting business across national borders is nothing new; the Knights Templar were banking internationally as long ago as 1135. But modern globalization processes raise different challenges, and as the world becomes smaller and labour movements more common, an international understanding of human resource management is essential. The second edition of International HRM provides a fully updated and revised analysis of this important area. Its innovative, multi-disciplinary approach allows a holistic picture to emerge in which key issues are assessed from organizational, individual and societal perspectives. The collection is divided into three parts: the contemporary internationalization context the management of international employees strategic issues facing international HR managers. Supported by new research, and including work from eminent writers in the field, this book discusses issues as diverse as the relative absence of women in international work, the ethical merits of localization, and the context faced by organizations like the United Nations. It is a valuable tool for all students, researchers and practitioners working in international business and human resource management.

This book is a compilation of case studies in the area of Human Resources Management and Organizational Behavior (HR & OB) conforming to the standards of this common subject for the course of Master of Business Administration (MBA) prescribed by the statutory bodies like All India Council of Technical Education and University Grants Commission. The book consists of thirty-eight case studies covering almost the entire gamut of the subject. The cases use characters with names typically Indian. The narration of the cases reflects Indian culture, value systems and ethos. All the cases are accompanied by a set of about half a dozen questions with the corresponding answers suggested for the guidance of the teacher and student alike. The cases are so designed as to explore the relationship of HR & OB with all the other areas of management including strategic management.

This collection of actual case studies (with only names changed) is appropriate for both graduates and undergraduates taking courses in public personnel management, human resources management, or employment relations. The book's 30 cases can be used as teaching tools in the classroom; by trainers with employees, supervisors, or managers; and for individual analysis and self-assessment. In this edition, revisions were made both for currency but also to emphasis more fully the social and ethical concerns of public managers as well as the impact of 9/11 on the field.

Human Resource Management in Hospitality Cases adopts a practical case-based approach to develop critical thinking and problem-solving skills in future hospitality managers. Using tried-and-tested real-life scenarios, this book thoroughly prepares hospitality students for a career in the field. Chapters are comprised of 75 short vignettes, split into nine sections that reflect and cover the primary challenges facing hospitality managers on a daily basis, including leadership credibility, building and managing employee performance, managing a diverse workforce, dealing with problem behaviors, and many others, all contextualised within the hospitality industry. With a main "think point" and series of questions for each case, the book is a highly insightful and engaging read. Suggested answers and solutions to the questions can be found within the extensive online resources that complement the book. Each section is also contextualized and

theorized with an additional reading section, organized by key concept. This book will be essential for all students of hospitality and an invaluable resource for current practitioners in the field as well.

The Global Human Resource Management Casebook is a collection of business teaching cases, focusing on Human Resource Management issues around the world. Each case is based in a single country and illustrates one or more significant challenge faced by managers and HR practitioners. The influence of the unique national cultural and institutional context upon the issues in the case is emphasized. In total 32 unique and original cases are presented, each from different national contexts. Every case is followed by a set of questions for use in class discussion or private study of the cases. This casebook is a project undertaken by a committee of international members of the Human Resources Division of the Academy of Management (USA). The HR Division currently has over 3500 members worldwide, indicating a significant immediate audience for the text. The committee, referred to as the HR Ambassadors Committee (James Hayton, Chair) is intended to represent the global membership of the organization. We currently have members in over 60 countries, and Ambassadors for over 50 of these. The committee was established to contribute to the internationalization of the HR Division and the Academy of Management by creating collaborative projects that both involve and serve the global membership. This book, which represents the first product of our collaboration, is expected to provide a useful teaching tool for HRM educators, and secondarily is expected to be of use to HR practitioners with an interest in the globalization of HRM.

This volume focuses on generational issues, gig economy in relation to human resources management, immigrant and refugee issues in human resources management, pay dispersion issues, network structures and human resources management, human resources issues in family organizations and managing human resources during economic downturns.
