Being healthy is much more than being physically fit and free from disease. Health is the state of well-being in which all of the components of health -- physical, emotional, social, mental, spiritual, and environmental -- are in balance. To be truly healthy, you must take care of all six components. - p. 11.

Houghton Mifflin Harcourt Modern Chemistry © 2017 is a comprehensive high school chemistry textbook and digital program that presents a balanced and engaging approach to conceptual and problem-solving instruction. Designed to accommodate a wide range of student abilities within a general high school chemistry curriculum, the program offers a wealth of consistent support for reading and vocabulary, scientific inquiry, problem solving, and preparation for high-stakes testing. -- http://www.bmhco.com

A classroom textbook covering the physical sciences discusses such topics as matter, the atom, motion and forces, and the universe.

Three boys struggle to come to terms with the death of a friend in a drunk-driving auto accident in which all four were involved, in a story told through newspaper stories, diary entries, school announcements, telephone conversations, and classroom assignments.
