The New York Times bestselling author and International Thriller Writers "Best Novel" finalist Lisa Unger returns to the dark psychological suspense that made Beautiful Lies a bestseller around the world. Lana Granger lives a life of lies. She has told so many lies about where she comes from and who she is that the truth is like a cloudy nightmare she can't quite recall. About to graduate from college and with her trust fund almost tapped out, she takes a job babysitting a troubled boy named Luke. Expelled from schools all over the country, the manipulative young Luke is accustomed to controlling the people in his life. But, in Lana, he may have met his match. Or has Lana met hers? When Lana's closest friend, Beck, mysteriously disappears, Lana resumes her lying ways—to friends, to the police, to herself. The police have a lot of questions for Lana when the story about her whereabouts the night Beck disappeared doesn't jibe with eyewitness accounts. Lana will do anything to hide the truth, but it might not be enough to keep her ominous secrets buried: someone else knows about Lana's lies. And he's dying to tell. Lisa Unger's writing has been hailed as "sensational" (Publishers Weekly) and "sophisticated" (New York Daily News), with "gripping narrative and evocative, muscular prose" (Associated Press). Masterfully suspenseful, finely crafted, and written with a no-holds-barred raw power, In the Blood is Unger at her best.

If Ridley Jones had slept ten minutes later or had taken the subway instead of waiting for a cab, she would still be living the beautiful lie she used to call her life. She would still be the privileged daughter of a doting father and a loving mother. Her life would still be perfect—with only the tiny cracks of an angry junkie for a brother and a charming drunk with shady underworld connections for an uncle to mar the otherwise flawless whole. But that's not what happened. Instead, those inconsequential decisions lead her to perform a good deed that puts her in the right place at the right time to unleash a chain of events that brings a mysterious package to her door—a package which informs her that her entire world is a lie. Suddenly forced to question everything she knows about herself and her family, Ridley wanders into dark territory she never knew existed, where everyone in her life seems like a stranger. She has no idea who's on her side and who has something to hide—even, and maybe especially, her new lover, Jake, who appears to have secrets of his own. Sexy and fast-paced, Beautiful Lies is a true literary thriller with one of the freshest voices and heroines to arrive in years. Lisa Unger takes us on a breathtaking ride in which every choice Ridley makes creates a whirlwind of consequences that are impossible to imagine

When former journalist Rain Winter was twelve years old, she narrowly escaped an abduction while walking to a friend's house. The abductor was eventually found and sent to prison, but years later was released. Then someone delivered real justice--and killed him in cold blood. Now Rain is living the perfect suburban life, spending her days as a stay-at-home mom. But when another criminal who escaped justice is found dead, Rain is unexpectedly drawn into the case, forced to revisit memories she's worked hard to leave behind. Is there a vigilante at work? Who is the next target? Why can't Rain just let it go? Introducing one of the most compelling and original killers in crime fiction today, Lisa Unger takes readers deep inside the minds of both perpetrator and victim, blurring the lines between right and wrong, crime and justice, and showing that sometimes even good people are drawn to do evil things. Don't miss Lisa Unger's newest thrilling and chilling novel, Last Girl Ghosted!

Still, Priss was his best friend, his salvation from the bullies who called him "loser" and "fatboy"...and from his family's deadly secrets. Now that they've both escaped to New York City, Ian no longer inhabits the tortured shell of his childhood. He is a talented and successful graphic novelist, and Priss...Priss is still trouble. The booze, the drugs, the sex--Ian is growing tired of late nights together trying to keep the past at bay. Especially now that he's met sweet, beautiful Megan, whose love makes him want to change for the better. But Priss doesn't like change. Change makes her angry. And when Priss is angry, terrible things begin to happen.

A thrilling novel from New York Times bestselling author Lisa Unger about the hunt for a missing girl and one community's intricate yet fragile bonds. "[A] nail-biting nuanced whodunit."--People
Everybody knows everybody in The Hollows, a quaint, charming town outside of New York City. It's a place where neighbors keep an eye on one another's kids, where people say hello in the grocery store, and where high school cliques and antics are never quite forgotten. As a child, Maggie found living under the microscope of small-town life stifling. But as a wife and mother, she has happily returned to The Hollows's insular embrace. As a psychologist, her knowledge of family histories provides powerful insights into her patients' lives. So when the girlfriend of her teenage son, Rick, disappears, Maggie's intuitive gift proves useful to the case--and also dangerous. Eerie parallels soon emerge between Charlene's disappearance and the abduction of another local girl that shook the community years ago when Maggie was a teenager. The investigation has her husband, Jones, the lead detective on the case, acting strangely. Rick, already a brooding teenager, becomes even more withdrawn. In a town where the past is always present, nobody is above suspicion, not even a son in the eyes of his father. As she tries to reassure him that Rick embodies his father in all of the important ways, Maggie realizes this might be exactly what Jones fears most. Determined to uncover the truth, Maggie pursues her own leads into Charlene's disappearance and exposes a long-buried town secret—one that could destroy everything she holds dear.

"Intricate and nuanced—on par with the best top-flight psychological suspense." --L.A. Times
