In the Company of Ogres is the second A. Lee Martinez novel I've run into. Gil's All Fright Diner was the first, and I quite liked it as a new look at the generally-tired vampire/were-wolf genre. He does the same thing with ogres/orcs/magical animals in Company of Ogres - he comes up with a new way of approaching it.

Bloodier than Fried Green Tomatoes! Funnier than The Texas Chainsaw Massacre! Welcome to Gil's All Night Diner, where zombie attacks are a regular occurrence and you never know what might be lurking in the freezer . . . Duke and Earl are just passing through Rockwood county in their pick-up truck when they stop at the Diner for a quick bite to eat. They aren't planning to stick around—until Loretta, the eatery's owner, offers them \$100 to take care of her zombie problem. Given that Duke is a werewolf and Earl's a vampire, this looks right up their alley. But the shambling dead are just the tip of a particularly spiky iceberg. Seems someone's out to drive Loretta from the Diner, and more than willing to raise a little Hell on Earth if that's what it takes. Before Duke and Earl get to the bottom of the Diner's troubles, they'll run into such otherworldly complications as undead cattle, an amorous ghost, a jailbait sorceress, and the terrifying occult power of pig-latin. And maybe—just maybe—the End of the World, too. Gory, sexy, and flat-out hilarious, Gil's All Fright Diner will tickle your funnybone—before ripping it out of its socket! A tale of vengeance, true love, and cannibalism Being born undead can have its disadvantages, such as eternal youth and flawless beauty ---things most unsuitable for a witch. Hiding behind the guise of a grimy old crone, the witch is content living outside Fort Stalwart with her unlikely band of allies: a troll named Gwurm, an enchanted broom, and a demonic duck named Newt. She leads a simple life filled with spells, potions, and the occasional curse. So when a White Knight arrives at Fort Stalwart, the witch knows her days of peace are at an end. The Knight is just days in front of a horde of ravenous goblins, and Fort Stalwart lies right in the horde's path. But the goblins are just the first wave of danger, and soon the witch and the Knight must combine forces on a perilous quest to stop a mad sorcerer from destroying the world. Filled with menace, monsters, and magic, A Nameless Witch is a properly witchy read by the award-winning author of Gil's All Fright Diner and In the Company of Ogres. From the award-winning author of Gil's All Fright Diner comes a fantastic sci-fi mystery read The Automatic Detective Even in Empire City, a town where weird science is the hope for tomorrow, it's hard for a robot to make his way. It's even harder for a robot named Mack Megaton, a hulking machine designed to bring mankind to its knees. But Mack's not interested in world domination. He's just a bot trying to get by, trying to demonstrate that he isn't just an automated smashing machine, and to earn his citizenship in the process. It should be as easy as crushing a tank for Mack, but some bots just can't catch a break. When Mack's neighbors are kidnapped, Mack sets off on a journey through the dark alleys and gleaming skyscrapers of Empire City. Along the way, he runs afoul of a talking gorilla, a brainy dame, a mutant lowlife, a little green mob boss, and the secret conspiracy at the heart of Empire's founders—not to mention more trouble than he bargained for. What started out as one missing family becomes a battle for the future of Empire and every citizen that calls her home. Witness the epic battle of the cyclops! Visit the endangered dragon preserve! Please, no slaying. Solve the mystery of The Mystery Cottage, if you dare! Buy some knick knacks from The Fates! They might come in handy later. On a road trip across an enchanted America, Helen and Troy will discover all this and more. If the curse placed upon them by an ancient god doesn't kill them or the pack of reluctant orc assassins don't catch up to them, Helen and Troy might reach the end their journey in one piece, where they might just end up destroying the world. Or at least a state or two. A minotaur girl, an all-American boy, a three-legged dog, and a classic car are on the road to adventure, where every exit leads to adventure. Whether they like it or not.

Emperor Mollusk. Intergalactic Menace. Destroyer of Worlds. Conqueror of Other Worlds. Mad Genius. Ex-Warlord of Earth. Not bad for a guy without a spine. But what's a villain to do after he's done . . . everything. With no new ambitions, he's happy to pitch in and solve the energy crisis or repel alien invaders should the need arise, but if he had his way, he'd prefer to be left alone to explore the boundaries of dangerous science. Just as a hobby. of course. Retirement isn't easy though. If the boredom doesn't get him, there's always the Venusians. Or the Saturnites. Or the Mercurials. Or . . . well, you get the idea. If that wasn't bad enough, there's also the assassins of a legendary death cult and an up-and-coming megalomaniac (as brilliant as he is bodiless) who have marked Emperor for their own nefarious purposes. But Mollusk isn't about to let the Earth slip out of his own tentacles and into the less capable clutches of another. So it's time to dust off the old death ray and come out of retirement. Except this time, he's not out to rule the world. He's out to save it from the peril of THE SINISTER BRAIN!
