Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The 1-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system invented by Old Cars magazine.

If you want to make sure your home or office equipment repair is done right or that you are keeping track of your car, motorcycle or other vehicle repairs and maintenance, grab a copy of our Maintenance Log Book and keep track of equipment and general maintenance procedures. It is simple and easy to use because it enables the user to document every repair with date and what has been done. It is designed to log all repairs and new equipment and it is a log book that records maintenance and repairs of virtually any piece of equipment or vehicles.

The familiar yellow Technical Instruction series from Bosch have long proved one of their most popular instructional aids. They provide a clear and concise overview of the theory of operation, component design, model variations, and technical terminology for the entire Bosch product line, and give a solid foundation for better diagnostics and servicing. Clearly written and illustrated with photos, diagrams and charts, these books are equally at home in the vocational classroom, apprentice's toolkit, or enthusiast's fireside chair. If you own a car, especially a European one, you have Bosch components and systems. Covers: -System Overview -Helix and port controlled distributor injection pumps -Axial Piston Pump (VP29, VP30) -Radial Piston Pumps (VP44)

This book takes a completely new look at the Anthroposophical Soul Calendar. It is about the deeper meaning of the fifty-two weekly verses, which has remained essentially unexplored in the last hundred years since the first edition by Rudolf Steiner. A dense veil of Isis

was spread over them, of which is well known that no mortal person can lift it. Only the immortal, psycho-spiritual human being, who knows himself at home in the extrasensory, higher worlds, is capable of doing this. Only to him the weekly verses reveal themselves as a travel guide through these worlds and lift him up to ever higher spiritual-cosmic realms until he reaches the experience of God, from where he gradually descends again into a new life on Earth, enriched in spirit and fertilized in his soul. If the reader embarks on this journey, the spiritual archetype of the Soul Calendar is ultimately unveiled to him and he achieves an extended understanding of Man and Christ. By many quotations from Rudolf Steiner's lectures and books, the author virtually lets Steiners himself elucidate the breathtaking depths of his mysterious weekly verses.
