"HOLD YOUR HORSES!" Do your students need help with idioms? Well, let's not "beat around the bush," many students do. We don't mean to be "back seat drivers" but we want to help you "get the ball rolling." "In a nutshell," this book is sure to help your students' writing and coversation become more colorful. Also terrific for ESL because idioms cannot be translated literally.

This is a new release of the original 1930 edition.

She is Helena Bosman, from a tiny little town lost in the vast expanses of the Northern Cape, but Grandpa and Grandma call her Vaseline-tjie. She is their little angel from the veldt, the beginning and the end of their world. But when Vaseline-tjie is ten years old, two officials from Welfare step in and she is sent away to a boarding school in Gauteng e the orphanage where Madibae's reject children have to live. Ite's a strange, hard, dangerous world of scum children, bad-tempered matrons and a harsh, unfair principal; a world of smoking cigarette butts, having onee's hair shaved off and making plans to run away. Ite's a world where no one bothers about anyone else, where you too learn not to give a damn. But as the months turn into years, there is one name that crops up again and again: Texan Kirby. And that name does strange things to Vaseline-tjiee's heart.

Moved by the desire for adventure and a yearning to help the Ute Indians, twenty-year-old Shiloh Wainright impulsively accepts a teaching position at the White River Indian Agency in northwestern Colorado. The new job, however, isn't what she imagined it would be, and Shiloh soon finds herself caught in the cross fire between the Utes, their unyielding Indian Agent, and the unrealistic demands of the US government. Her unexpected encounter with Jesse Blackwater, an embittered half-breed Ute and childhood friend, only complicates matters as they battle their growing feelings for each other amidst the spiraling tensions threatening to explode into a catastrophic Indian uprising. Set amongst the wilds of the Colorado Rockies in 1879, this is a tale of a forbidden love and a faith tested in the cauldron of intolerance and the harsh realities of life on the untamed frontier. Bestselling author Kathleen Morgan deftly explores themes of mercy, fidelity to one's beliefs despite what others think or do, and compassion for those different from oneself as she plumbs the depths of the human heart and the healing power of God's love.

Unlike most occult teaches, E.E. Rehmus doesn't mince words. He defines them. His Magician's Dictionary picks up where all other occult reference works leave off -- at the dawn of the apocalypse.

Some ten million people are displaced or resettled every year, due to development projects, often with negative results. The contributors argue that there is a complexity and tension, when trying to reconcile enforced displacement with the creation of a socio-economically viable and sustainable environment.
