King Leopold's Ghost: A Story of Greed, Terror and Heroism in Colonial Africa is a best-selling popular history book by Adam Hochschild that explores the exploitation of the Congo Free State by King Leopold II of Belgium between 1885 and 1908, as well as the large-scale atrocities committed during that period. The book, also a general biography of the private life of Leopold, succeeded in increasing public awareness of these crimes in recent decades. The book was refused by nine of the ten U.S.

King Leopold's Ghost - Wikipedia

"KING LEOPOLD'S GHOST has a riveting cast of characters: heroes, villains and bit-players, all extraordinary, all compelling tangles of neuroses and ambitions, all wonderfully drawn." --The Observer
"To an already long list of tyrants which includes Hitler, Stalin, Pol Pot and Idi Amin, a late addition is required:'Late' only because King Leopold II of Belgium (1835-1909) should always have been there.

King Leopold ' s Ghost Summary. In the centuries following the discovery of the New World, the countries of Europe became very wealthy and powerful. Britain, Portugal, Spain, and France acquired new land and resources by colonizing parts of the Americas, Australia, Asia, and Africa. Belgium, as a small, relatively new European country, lagged far behind its rivals as an imperial power.

King Leopold ' s Ghost by Adam Hochschild Plot Summary ...

By the 1890s, King Leopold personally controlled all the land in the Congo, thanks to Stanley ' s intimidation policies in the previous decade. As a result, Leopold acted as a kind of venture capitalist, leasing out his property to private companies. But unlike a venture capitalist, Leopold had his own private army, which he used to protect his territory and consolidate his control over the ...

King Leopold's Ghost: A Story of Greed, Terror and Heroism ...

"An enthralling story . . . A work of history that reads like a novel." — Christian Science Monitor
" As Hochschild ' s brilliant book demonstrates, the great Congo scandal prefigured our own times . . . This book must be read and reread. " — Los Angeles Times Book Review
In the late nineteenth century, as the European powers were carving up Africa, King Leopold II of Belgium carried out a brutal plundering of the territory surrounding the Congo River. Ultimately slashing the area ' s population by ten million, he still managed to shrewdly cultivate his reputation as a great humanitarian. A tale far richer than any novelist could invent, King Leopold ' s Ghost is the horrifying account of a megalomaniac of monstrous proportions. It is also the deeply moving portrait of those who defied Leopold: African rebel leaders who fought against hopeless odds and a brave handful of missionaries, travelers, and young idealists who went to Africa for work or adventure but unexpectedly found themselves witnesses to a holocaust and participants in the twentieth century ' s first great human rights movement. A National Book Critics Circle Award Finalist A New York Times Notable Book

With an introduction by award-winning novelist Barbara Kingsolver
In the late nineteenth century, when the great powers in Europe were tearing Africa apart and seizing ownership of land for themselves, King Leopold of Belgium took hold of the vast and mostly unexplored territory surrounding the Congo River. In his devastatingly barbarous colonization of this area, Leopold stole its rubber and ivory, pummelled its people and set up a ruthless regime that would reduce the population by half . While he did all this, he carefully constructed an image of himself as a deeply feeling humanitarian. Winner of the Duff Cooper Prize in 1999, King Leopold ' s Ghost is the true and haunting account of this man ' s brutal regime and its lasting effect on a ruined nation. It is also the inspiring and deeply moving account of a handful of missionaries and other idealists who travelled to Africa and unwittingly found themselves in the middle of a gruesome holocaust. Instead of turning away, these brave few chose to stand up against Leopold. Adam Hochschild brings life to this largely untold story and, crucially, casts blame on those responsible for this atrocity.

Offers an account of the first great human rights crusade, which originated in England in the 1780s and resulted in the freeing of hundreds of thousands of slaves around the world.

Dear, dear, when the soft-hearts get hold of thing like that missionary's contribution they completely lose their tranquility they speak profanely and reproach Heaven for allowing such a find to live. Meaning me . They think it irregular. They go shuddering around, brooding over the reduction of that Congo population from 25,000,000 to 15,000,000 in the twenty years of my administration ; then they burst out and call me the King with Ten Million Murders on his Soul. They call me a 'record'.

A dramatic intellectual biography of Victorian jurist Travers Twiss, who provided the legal justification for the creation of the brutal Congo Free State
Eminent jurist, Oxford professor, advocate of the Archbishop of Canterbury, Travers Twiss (1809–1897) was a model establishment figure in Victorian Britain, and a close collaborator of Prince Metternich, the architect of the Concert of Europe. Yet Twiss ' s life was defined by two events that threatened to undermine the order that he had so stoutly defended: a notorious social scandal and the creation of the Congo Free State. In King Leopold ' s Ghostwriter, Andrew Fitzmaurice tells the incredible story of a man who, driven by personal events that transformed him from a reactionary to a reformer, rewrote and liberalised international law—yet did so in service of the most brutal regime of the colonial era. In an elaborate deception, Twiss and Phantide van Lynseele, a Belgian prostitute, sought to reinvent her as a woman of suitably noble birth to be his wife. Their subterfuge collapsed when another former client publicly denounced van Lynseele. Disgraced, Twiss resigned his offices and the couple fled to Switzerland. But this failure set the stage for a second, successful act of re-creation. Twiss found new employment as the intellectual driving force of King Leopold of Belgium ' s efforts to have the Congo recognised as a new state under his personal authority. Drawing on extensive new archival research, King Leopold ' s Ghostwriter recounts Twiss ' s story as never before, including how his creation of a new legal personhood for the Congo was intimately related to the earlier invention of a new legal personhood for his wife. Combining gripping biography and penetrating intellectual history, King Leopold ' s Ghostwriter uncovers a dramatic, ambiguous life that has had lasting influence on international law.

The definitive account of exploitation in the Congo, introduced by Adam Hochschild
In the early twentieth century, the worldwide rubber boom led British entrepreneur Lord Leverhulme to the Belgian Congo. Warmly welcomed by the murderous regime of King Leopold II, Leverhulme set up a private kingdom reliant on the horrific Belgian system of forced labour, a programme that reduced the population of Congo by half and accounted for more deaths than the Nazi Holocaust. In this definitive, meticulously researched history, Jules Marchal exposes the nature of forced labour under Lord Leverhulme ' s rule and the appalling conditions imposed upon the people of Congo. With an extensive introduction by Adam Hochschild, Lord Leverhulme ' s Ghosts is an important and urgently needed account of a laboratory of colonial exploitation.

The author, an activist in the anti-war movement and co-founder of 'Mother Jones,' America's largest progressive magazine, recounts his relationship with his father, chief of a multinational corporation that owned mines all over South Africa. Reprint.

World War I stands as one of history ' s most senseless spasms of carnage, defying rational explanation. In a riveting, suspenseful narrative with haunting echoes for our own time, Adam Hochschild brings it to life as never before. He focuses on the long-ignored moral drama of the war ' s critics, alongside its generals and heroes. Thrown in jail for their opposition to the war were Britain ' s leading investigative journalist, a future winner of the Nobel Prize for Literature, and an editor who, behind bars, published a newspaper for his fellow inmates on toilet paper. These critics were sometimes intimately connected to their enemy hawks: one of Britain ' s most prominent women pacifist campaigners had a brother who was commander in chief on the Western Front. Two well-known sisters split so bitterly over the war that they ended up publishing newspapers that attacked each other. Today, hundreds of military cemeteries spread across the fields of northern France and Belgium contain the bodies of millions of men who died in the " war to end all wars. " Can we ever avoid repeating history?

An in-depth exploration of the legacy of Joseph Stalin on the former Soviet Union, by the author of King Leopold ' s Ghost. Although some twenty million people died during Stalin ' s reign of terror, only with the advent of glasnost did Russians begin to confront their memories of that time. In 1991, Adam Hochschild spent nearly six months in Russia talking to gulag survivors, retired concentration camp guards, and countless others. The result is a riveting evocation of a country still haunted by the ghost of Stalin. A New York Times Notable Book
" An important contribution to our awareness of the former Soviet Union ' s harrowing past and unsettling present. " —Los Angeles Times
" A perceptive, intelligent book demonstrating that the significance of the gulag transcends the confines of one country and one generation. " —New York Times Book Review
" This probing and sensitive book...casts striking new light upon the Russian past and present. " —Washington Post Book World
" The voices [Hochschild] has recorded, the relics he has seen, are haunting—and the raw material of a terrific book. " —David Remnick, Pulitzer Prize–winning author of Lenin ' s Tomb
" No other work has brought home the full horror of this monstrous dictator ' s rule than this close-up account. " —Daniel Schorr, former senior news analyst, National Public Radio

"King Leopold of Belgium's exploits up the Congo River in the 1880s were central to the European partitioning of the African continent. The Congo Free State, Leopold's private colony, was a unique political construct that opened the door to the savage exploitation of the Congo's natural and human resources by international corporations. The resulting 'red rubber' scandal—which laid bare a fundamental contradiction between the European propagation of free labor and 'civilization' and colonial governments' acceptance of violence and coercion for productivity's sake—haunted all imperial powers in Africa. Featuring a clever introduction and judicious collection of documents, Michael Rutz's book neatly captures the drama of one king's quest to build an empire in Central Africa—a quest that began in the name of anti-slavery and free trade and ended in the brutal exploitation of human lives. This volume is an excellent starting point for anyone interested in the history of colonial rule in Africa." —Jelmer Vos, University of Glasgow
