New York Times Bestseller: This retelling of the Greek myth of Theseus, king of Athens, is "one of the truly fine historical novels of modern times" (The New York Times). In myth, Theseus was the slayer of the child-devouring Minotaur in Crete. What the founder-hero might have been in real life is another question, brilliantly explored in *The King Must Die*. Drawing on modern scholarship and archaeological findings at Knossos, Mary Renault's *Theseus* is an utterly lifelike figure—a king of immense charisma, whose boundless strivings flow from strength and weakness—but also one steered by implacable prophecy. The story follows Theseus's adventures from Troizen to Eleusis, where the death in the book's title is to take place, and from Athens to Crete, where he learns to jump bulls and is named king of the victims. Richly imbued with the spirit of its time, this is a page-turner as well as a daring act of imagination. Renault's story of Theseus continues with the sequel *The Bull from the Sea*. This ebook features an illustrated biography of Mary Renault including rare images of the author.

Brill's Companion to Sophocles offers 32 chapters, newly commissioned and written by leading scholars, on Sophocles' life and works, as well as upon the basic historical, social, intellectual, moral, philosophical and religious issues of interest to Sophocles which remain central in the study of Greek tragedy to this day.

A Midsummer Night's Dream is one of Shakespeare's most widely studied comedies. This guide offers students an introduction to its critical and performance history, including notable stage productions, TV, and film versions as well as opera and ballet. It includes a keynote chapter outlining major areas of current research on the play and four new critical essays. Finally, a guide to critical, web-based and production-related resources and an annotated bibliography provide a basis for further individual research.

Shakespeare's intertwined love polygons begin to get complicated from the start--Demetrius and Lysander both want Hermia but she only has eyes for Lysander. Bad news is, Hermia's father wants Demetrius for a son-in-law. On the outside is Helena, whose unreturned love burns hot for Demetrius. Hermia and Lysander plan to flee from the city under cover of darkness but are pursued by an enraged Demetrius (who is himself pursued by an enraptured Helena). In the forest, unbeknownst to the mortals, Oberon and Titania (King and Queen of the faeries) are having a spat over a servant boy. The plot twists up when Oberon's head mischief-maker, Puck, runs loose with a flower which causes people to fall in love with the first thing they see upon waking. Throw in a group of labourers preparing a play for the Duke's wedding (one of whom is given a donkey's head and Titania for a lover by Puck) and the complications become fantastically funny. Includes a biography of the author.

For six decades, writer and editor Robert A. Parker has followed up each book he reads, mainly novels, with an evaluation of that book. His comments reflect an independent view that balances a moral and literary sensibility. In this fifth of six volumes, the authors covered range from Brian Moore to Neil Sheehan, and include O'Connor, Pamuk, Patchett, Percy, Plante, Price, Richler, Roth, Rowling, Saramago, and Sartre. At least 120 authors are listed in this volume. They represent a range of writing styles, cultural influences, and moral philosophies. All are rated on their literary achievement, the effectiveness of plot, character, and setting, plus their recognition of the moral, ethical, and spiritual values of mankind.

A magnificent city lost over time destroyed by the Gods and sent to the bottom of the Ocean forever later to be written by the Greek philosopher Plato in two dialogues. Destroyed was their home but not its people who rebuilt their city back to its former glory. Learning from their violent past not to repeat it, the centuries go by and the outside world has populated the surface, no place for the Atlantean people to call home. Safe from the outside world and their advanced technology that is generated by a rare element only found at the outer reaches of the solar system. The Atlantean's decide to stay below the waves to watch over and nurture the people from above giving them technology through the centuries until they are ready to accept them and their technology.
