filled with the wonder of Christmas. Turn back the clock to a different time, listen to Bing Crosby sing of sleigh bells in the snow, as the realities of America's involvement in the Second World War change the lives of the Turner family in Lafayette, Indiana. In Cara Putman's *White Christmas*, Abigail Turner is holding down the Home Front as a college student and a part-time employee at a one-of-a-kind candy shop. Loss of a beau to the war has Abigail skittish about romantic entanglements—until a hard-working young man with a serious problem needs her help. peace his time at war has eroded. But when he encounters a precocious little girl in need of Pete's friendship, can he convince her widowed mother that he's no longer the bully she once knew? In Tricia Goyer's *Have Yourself a Merry Little Christmas*, Meredith Turner, "Merry" to those who know her best, is using her skills as a combat nurse on the frontline in the Netherlands. Halfway around the world from home, Merry never expects to face her deepest betrayal head on, but that's precisely what God has in mind to redeem her broken heart. The Turner family believes in God's providence during such a tumultuous time. Can they absorb the miracle of Christ's birth and His plan for a future?

Bye , bye baby on the tree tops" is a story of a woman who is stalked by a violent man. Jean (the main subject) re-visits a childhood home in the Lake District. Unknown to her a man from her past is living in an old mill. His father(who had been the mill foreman) had a love affair with Jeans mother when Jean was a child. This love affair turned to tragedy when the man, then a young boy, fell against some blades in the mill, and is now hideous, and filled with anger and hate. He sees Jean again, and sets about trying to stalk and kill her. He follows her to Sweden and Scotland. Jean flees up to the Highlands in Scotland where she meets a fantastic magical man.. The book is a mixture of

murder, terror and wound round the life of a professional musician. Jean goes to Moscow with her orchestra, which is a separate chapter. The "Tree tops" title come from the fact that Jean's father put up a swing for his children in a tree beside the river. , and the final confrontation is when Jean climbs the tree, as the man runs after her. The book is also a study of how someone can forgive another person in spite of that person trying to kill. It is a sort of psychycological study of forgiveness and tolerance. There is a love interest. Michael, a fellow flautist. The love scenes are discreet and not explicit The end chapter winds thing up in what one could call an amusing way. Right at the end Jean is kidnapped by

an underworld boss, whose wife has been murdered by Jean's stalker. He turns out to be a cultivated and charming man, even though belonging to the underworld. Jean sort of falls for him.

In this compelling companion volume to her acclaimed memoir *Home Before Dark*, Susan Cheever once again gives readers a revealing look into her famous family, whose secrets and eccentricities parallel their genius and successes. Set against the backdrop of Treetops, the New Hampshire family retreat where the Cheevers still summer, and going back several generations, this powerful remembrance focuses on Susan Cheever's mother's family, and

includes portraits of her great-grandfather, Thomas Watson, who invented the telephone with Alexander Graham Bell, and her grandfather Milton Winternitz, a brilliant doctor who built Yale Medical School. And of course there is her beloved and talented father John Cheever, the accomplished author who became one of the most well-known writers of the century, often using his family as material. Perhaps most riveting about Susan Cheever's second biographical masterpiece is its exploration of the lives of the Cheever women. At once a unique family portrait and the tale of every family, *Treetops* draws us effortlessly into a fascinating yet endearingly familiar world.

Calvino and the Pygmalion Paradigm: Fashioning the Feminine in I nostri antenati and Gli amori difficili is the first book-length analysis of the representation of the feminine in Calvino's fiction. Using the structural umbrella of the Pygmalion paradigm and using feminist interpretative techniques, this book offers interesting alternative readings of two of Calvino's important early narrative collections. The Pygmalion paradigm concerns the creation by a male 'artist' of a feminine ideal and highlights the artificiality and

narcissistic desire associated with the creation process. This book discusses Calvino's active and deliberate work of self-creation, accomplished through extensive self-commentaries and exposes both the lack of importance Calvino placed on the feminine in his narratives and the relative absence of critical attention focused on this area. Relying on the analogy between Pygmalion's pieces of ivory and Barthes' 'seme' and drawing upon the ideas underlying Kristevan intertextuality, the book demonstrates that, despite Calvino's professed lack of interest in character development, his female characters are carefully and purposefully constructed. A close reading of Calvino's narratives, engaging

directly with Freud, Lacan and the feminist psychoanalytical thinking of Kofmann, Kristeva, Kaplan and others, demonstrates how Calvino uses his female characters as foils for the existential reflections of his typically maladjusted and narcissistic male characters.
