MACROECONOMICS, Seventh Edition, continues to be the most popular and widely-used text in the economics classroom.

Instructors find it the perfect complement to their teaching. A text by a superb writer and economist that stresses the most important concepts without overwhelming students with an excess of detail was a formula that was quickly imitated, but has yet to be matched. The seventh edition features dozens of new applications that emphasize the real-world relevance of economics for today's students through interesting news articles, realistic case studies, and engaging problems. A thorough update has been made to keep all chapters
