California and Draper University, this book offers the kind of capital-raising street smarts that most entrepreneurs never tap into until it is too late. Fisher organizes the capital-raising process into six clear steps, and then breaks through the myths to reveal the triggers for success. For example, entrepreneurs are told that great business ideas get funded. Not true—great business stories get funded, and those stories all have a similar construction and shape, which can be learned. And yes, you need investors, but investors come with their own personality issues. You need the right match for long-

term success, not just whoever is waving the biggest check. This book allows you to prepare for your investor meetings with a capital-raising expert coaching your every step.

Traditionally, economics training in public finances has focused more on tax than public expenditure issues, and within expenditure, more on policy considerations than the more mundane matters of public expenditure management. For many years, the IMF's Public Expenditure Management Division has answered specific questions raised by fiscal

economists on such missions. Based on this experience, these guidelines arose from the need to provide a general overview of the principles and practices observed in three key aspects of public expenditure management: budget preparation, budget execution, and cash planning. For each aspect of public expenditure management, the guidelines identify separately the differing practices in four groups of countries - the francophone systems, the Commonwealth systems, Latin America, and those in the transition economies. Edited by Barry H. Potter and Jack Diamond, this publication is intended for a

People approaching retirement or already retired can significantly improve their financial situation by making smart decisions and avoiding financial mistakes. This comprehensive guide tells how, and shows what to expect, what to select, and what to reject. Written in jargon-free language by well known personal finance expert Jonathan Pond, it clearly explains how to determine how much money one will need to live comfortably in retirement . . . and accumulate that sum or more from personal savings, Social Security and an IRA, Keogh, 401(k), or pension plan. It's an
