color, 16-page tear-out reference guide with all the most important formulas, diagrams, information, concepts, and charts for each section of the MCAT; detailed coverage of MCAT 2015 basics; a comprehensive index.

Aspiring doctors fear the MCAT with good reason- the exam is a daunting 7.5 hours long and covers much more than just the facts about basic sciences. It's an in-depth, rigorous examination of knowledge of a multitude of physical and biological scientific concepts and principles, as well as critical-thinking and writing skills. MCAT Psychology and Sociology Review includes topic reviews of the biological foundations of behavior, personality, motivation, attitudes, psychological disorders, self-
