Published to coincide with the 60th anniversary of the 250F's debut and first World Championship success this new Haynes manual captures the best of this car. The Maserati 250F is one of the classic grand prix cars of all time and won F1 World Championships in 1954 and 1957, both in the hands of Juan Manuel Fangio. Stirling Moss, who won the 1956 Monaco Grand Prix in a 250F, described the car as the nicest front-engined F1 car he drove during his career. Here, in this new Haynes Manual, is a unique perspective on what it takes to restore, maintain and race a Maserati 250F, as well as an insight into the design, engineering, and development and period race history of this iconic racing car.
