greatness from 66 operas, ranging in time and style from Christopher Gluck to Carlisle Floyd, from Mozart to Menotti. "The most memorable thrills in an opera singer's life," according to the author's

Introduction, "may easily derive from the great arias in his or her repertoire."

This book continues the work Martial Singher has done, in performances, in concerts, and in master classes and lessons, by drawing

attention "not only to precise features of text, notes, and markings but also to psychological motivations and emotional impulses, to laughter and tears, to technical skills, to strokes of genius, and even here and

Arriving in America in 1904, Carlo Tresca began a nearly

subsequent career as fighter for liberty until his untimely death in 1943. The story of his life - as newspaper editor, labor agitator, anarchist, anti-communist, street fighter, and opponent of fascism -

illuminates the lost world of Italian-American radicalism. Among friends and comrades Tresca counted revolutionary luminaries such as Elizabeth Gurley Flynn, Big Bill Haywood, Alexander Berkman, Emma

and his assassination on the

Writing Gender in Women's Letter Collections of the Italian Renaissance examines

the letter collections of women writers, arguing that these works were a studied performance of pervasive ideas about gender as well as genre, a form of self-fashioning that variously reflected, manipulated, and

Ray's study includes extensive new archival research and highlights a widespread interest in women's letter collections
