Of Mice and Men, by John Steinbeck. "We have a dream. Someday, we'll have a little house and a couple of acres. A place to call home." Clinging to each other in their loneliness and desperation, George and his simple-minded friend Lennie dream, as drifters will, of a better life and better times. John Steinbeck's novel, Of Mice and Men is their story, set amidst the rustic landscape of the California Salinas River Valley during the Great Depression.

Of Mice and Men -- Task Nineteen The deep green pool of the Salinas River was still in the late afternoon. Already the sun had left the valley to go climbing up the slopes of the Gabilan Mountains, and the hilltops were rosy in the sun. But by the pool among the mottled sycamores, a pleasant shade had fallen.

Drifters in search of work, George and his simple-minded friend Lennie, have nothing in the world except each other - and a dream. A dream that one day they will have some land of their own. Eventually they find work on a ranch, but their hopes are doomed as Lennie - struggling against extreme cruelty, misunderstanding and jealousy - becomes a victim of his own strength. Tackling universal themes, friendship and a shared vision, and giving a voice to America's lonely and dispossessed, OF MICE AND MEN remains Steinbeck's most popular work.

Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife.

A controversial tale of friendship and tragedy during the Great Depression A Penguin Classic Over seventy-five years since its first publication, Steinbeck ' s tale of commitment, loneliness, hope, and loss remains one of America ' s most widely read and taught novels. An unlikely pair, George and Lennie, two migrant workers in California during the Great Depression, grasp for their American Dream. They hustle work when they can, living a hand-to-mouth existence. For George and Lennie have a plan: to own an acre of land and a shack they can call their own. When they land jobs on a ranch in the Salinas Valley, the fulfillment of their dream seems to be within their grasp. But even George cannot guard Lennie from the provocations, nor predict the consequences of Lennie's unswerving obedience to the things George taught him. Of Mice and Men represents an experiment in form, which Steinbeck described as " a kind of playable novel, written in a novel form but so soened and set that it can be played as it stands. " A rarity in American letters, it achieved remarkable success as a novel, a Broadway play, and three acclaimed films. This edition features an introduction by Susan Shillinglaw, one of today ' s leading Steinbeck scholars. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

"...Unhappy in his native St. Louis, disaffected paraplegic Frank Eastman returns to L.A., where six months before, working as a tree-cutter for the phone company, he suffered the fall from a top a rat-infested palm tree that caused his paralysis. Fed up with the condescension of his well-meaning sister and full of bitter insights into the empty lifestyles of "enabled" people, Frank moves into the seedy Tradewinds motel, in the shadow of Disney's magic kingdom. There, among a shady cast of eccentrics and fellow malcontents, Frank wrestles with the implications of his personal predicament and with the conflicting, sometimes hallucinatory, realities of this strange milieu..."--Publishers Weekly, www.amazon.com.

This is the first book not only to detail the relationships neoliberalism encourages us to have but also to see how friendship can provide a bulwark of resistance to it. Written in an engaging style, it will be understandable to political theorists, philosophers, social scientists, and cultural theorists.

William Goldings classic debut novel, republished to mark his centenary.

Some extraordinary rats come to the aid of a mouse family in this Newbery Medal Award – winning classic by notable children ' s author Robert C. O ' Brien. Mrs. Frisby, a widowed mouse with four small children, is faced with a terrible problem. She must move her family to their summer quarters immediately, or face almost certain death. But her youngest son, Timothy, lies ill with pneumonia and must not be moved. Fortunately, she encounters the rats of NIMH, an extraordinary breed of highly intelligent creatures, who come up with a brilliant solution to her dilemma. And Mrs. Frisby in turn renders them a great service.
