Moon Over Soho is an enjoyable, satisfying sophomore entry into the Peter Grant series about a London constable who is now working in magical law enforcement. Peter calls on Leslie after the brutal ending of the first book. As he leaves, he's called to the morgue where Dr. Walid wants Peter to note the definite vestigia about a dead man. Excellent second book that builds superbly on the first. Some old faces make a brief return but there is plenty of new blood to keep the story moving at a steady pace. At this rate book three should be an absolute cracker, but the wait is going to be excruciating. ... Moon Over Soho proved me wrong.

"Midnight Riot is what would happen if Harry Potter grew up and joined the Fuzz. It is a hilarious, keenly imagined caper."--Diana Gabaldon Probationary Constable Peter Grant dreams of being a detective in London's Metropolitan Police. Too bad his superior plans to assign him to the Case Progression Unit, where the biggest threat he'll face is a paper cut. But Peter's prospects change in the aftermath of a puzzling murder, when he gains exclusive information from an eyewitness who happens to be a ghost. Peter's ability to speak with the lingering dead brings him to the attention of Detective Chief Inspector Thomas Nightingale, who investigates crimes involving magic and other manifestations of the uncanny. Now, as a wave of brutal and bizarre murders engulfs the city, Peter is plunged into a world where gods and goddesses mingle with mortals and a long-dead evil is making a comeback on a rising tide of magic. "Filled with detail and imagination . . . Aaronovitch is a name to watch."--Peter F. Hamilton "Fresh, original, and a wonderful read . . . I loved it."--Charlaine Harris

When the son of a wealthy, politically powerful family is found dead, London constable and sorcerer's apprentice Peter Grant investigates this case, which is linked to a rogue magician known as the Faceless Man--and which takes him deep within the deadliest subway system in the world. Original. 50,000 first printing.

Ben Aaronovitch's bestselling Rivers of London urban fantasy series • "The perfect blend of CSI and Harry Potter." --io9 A mutilated body in Crawley. A killer on the loose. The prime suspect is one Robert Weil, possibly an associate of the twisted wizard known as the Faceless Man. Or maybe just a garden-variety serial killer. Before apprentice wizard and Police Constable Peter Grant can even get his head 'round the case, two more are dropped in his lap: a town planner has gone under a tube train, and there's a stolen grimoire for Grant to track down. So far, so London. But then Peter gets word of something very odd happening on a housing estate designed by a nutter, built by charlatans, and inhabited by the truly desperate. Is there a connection? And if there is, why oh why did it have to be South of the River--in the jurisdiction of some pretty prickly local river spirits?

Ben Aaronovitch's bestselling Rivers of London urban fantasy series • "The perfect blend of CSI and Harry Potter." --io9 Suspicious deaths are not usually the concern of Police Constable Peter Grant or the Folly--London's police department for supernatural cases--even when they happen at an exclusive party in one of the flats of the most expensive apartment blocks in London. But the daughter of Lady Ty, influential goddess of the Tyburn river, was there, and Peter owes Lady Ty a favor. Plunged into the alien world of the super-rich, where the basements are bigger than the houses, where the law is something bought and sold on the open market, a sensible young copper would keep his head down and his nose clean. But this is Peter Grant we're talking about. He's been given an unparalleled opportunity to alienate old friends and create new enemies at the point where the world of magic and that of privilege intersect. Assuming he survives the week...

Set in an alternate reality where Richard the Lionheart's descendants rule the Anglo-French Empire, the laws of magic have developed in place of the laws of physics. In this late 20th century world, people still travel through pea fog by horse and carriage, but magic has made levitation and enchantment spells the norm, especially at a sorcerer's convention. The International Sorcerer's Convention is in full swing. Until London's Chief Forensics Sorcerer, Sir James Zwinge, is found dead inside a locked room, that is. Master Sean O Lochlainn had been at odds with Sir James over competing breakthroughs in incision-free surgery, making him the prime suspect. It's up to Lord Darcy to solve Sir James' murder and exonerate his own forensic sorcerer and trusted assistant. But the mystery deepens when the murder of a Naval spy is connected to that of Sir James' death. Conflict with Poland, a dominating world power, changes the game and suddenly there is a lot more at stake than the freedom of Lord Darcy's old friend. Too Many Magicians was nominated for the Hugo Award in 1967, and the complete Lord Darcy series later won the Sideways Award for Alternate History.

It's his job to investigate those crimes that regular cops don't like to talk about because they often involve vampires or strange things in Underground tunnels. Peter's latest case features a self-driving killer automobile, a Serbian refugee, the Most Haunted Car in England, a handsome drug dealer with a nice paisley scarf and a seemingly harmless wooden bench with a dark past!
