Amanda Hocking's My Blood Approves is sort of a Vampire Diaries meets Twilight. There's vampire family love, there's two irresistible vampire bros the girl is caught between and yet it was still a rather good read! As you know I'm not really a Twilight fan, but I wasn't disgusted or annoyed with this book at all.

What struck me most about the latest in the My Blood Approves series is the evolution of Alice. She is at the heart of Wisdom. The title is appropriate - for she is growing in it herself. Wisdom seemed to me to be a bit deeper than the past three books - more introspective, with more character growth than any other in the series.

~~Wisdom (My Blood Approves, #4) by Amanda Hocking~~

My Blood Approves, the Everyone on this fucking book is a bloody moron, the romance, if you can even call it that, is fucking deplorable , and the plot has more holes than a fucking French cheese. happy life for herself and her family, including her boyfriend Jack. Or at least as stable as her life can be, especially with a dangerous vampire cult resurfacing. Alice Bonham thinks she's finally found a balance in her life between the supernatural and real life with her brother Milo. Her decision has consequences that reach farther than she'd ever imagined...

Alice volunteers for a rescue mission with Ezra. But going up against a pack of rabid vampires might be too much, even for him.

For her eighteenth birthday, Alice Bonham takes a vacation to Australia only to have her trip cut short by an unexpected murder. While Alice tries to understand what happened, she regrets some of the choices she's made, especially the more permanent ones. On top of that, the child vampire is running loose, and she's attracting some very unwanted attention...
