Family Tree Book has even more insight for the stumped! Whether you're searching in a grandparent's attic or through the most cryptic archiving systems, this book has brand-new chapters on what readers have been asking for: Genetics, DNA, and medical information Surname origins and naming Appendix on major genealogical repositories, libraries, and archives Systems for filing and organizing The latest computer software Land, probate, and estate records Chock-full of tips the competitors don't have, this is the one-stop resource for successful sleuthing!

There are more historical newspaper resources than you think--and they're easier to access than you know. When researched properly, no other type of record can beat historical newspapers in "taking the pulse" of their times and places, recording not just the names, but also information important to the community. This comprehensive how-to guide will show you how to harvest the "social media" of centuries past to learn about your ancestors and the times and places they lived in. With step-by-step examples, case studies, templates, worksheets, and screenshots, this book shows you what you can find in online (and offline) historical newspapers, from city dailies to weekly community papers to foreign-language gazetteers. The Family Tree Historical Newspapers Guide features:

- Tips and techniques for finding crucial genealogy records in newspapers, such as birth announcements, obituaries, and even news reports
- Step-by-step guides for using popular online newspaper databases such as GenealogyBank and Newspapers.com
- Case studies that will put information found in newspapers to use

The definitive, behind-the-scenes guide to mastering information design Finally, in one usable format, here's your single-volume resource for designing clear projects that really work for your audience. The Practical Guide to Information Design provides all the tools, resources, and best practices that designers need to create highly successful print and digital information design projects. A brilliant combination of practice and theory, this highly visual book covers the principles of design, perception, and usability, complete with step-by-step examples that feature the work of today's leading professionals. Comprehensively illustrated with hundreds of valuable graphs, maps, tables, line drawings, and photos, The Practical Guide to Information Design features:

- * Complete descriptions and comparisons of various formats
- * A range of helpful exercises to reinforce covered material
- * Handy summary boxes, bulleted lists, captions, and examples
- * A wealth of useful resources for professionals and students

Discusses the history of anniversary customs, provides instruction for planning simple and elaborate celebrations, and suggests theme-appropriate gifts.

Genealogists and other historical researchers have valued the first two editions of this work, often referred to as the genealogist's bible." The new edition continues that tradition. Intended as a handbook and a guide to selecting, locating, and using appropriate primary and secondary resources, The Source also functions as an instructional tool for novice genealogists and a refresher course for experienced researchers. More than 30 experts in this field--genealogists, historians, librarians,

and archivists--prepared the 20 signed chapters, which are well written, easy to read, and include many helpful hints for getting the most out of whatever information is acquired. Each chapter ends with an extensive bibliography and is further enriched by tables, black-and-white illustrations, and examples of documents. Eight appendixes include the expected contact information for groups and institutions that persons studying genealogy and history need to find. ""

This source guide serves both beginning and experienced genealogy researchers. Approximately 270 entries provide information on all aspects of genealogical research and family history compilation. Each state and each of the provinces of Canada has its own entry; other countries are listed under appropriate headings. The author also provides more than 700 addresses from all over the world so that the genealogist or general researcher may contact any one of these organizations to obtain specific information about particular births, deaths, marriages, or other life events in order to complete a family tree.

Liberty Blair lives in Southern California and is about to write a novel when she learns her daughter, an only child, is missing. After filing a Missing Persons Report, she receives a call from a detective in a town just outside of Las Vegas, asking her to identify the body of a woman recently found in his jurisdiction. Detective John Hatchet has always been known for his backbone and determination. He's also known for having had more than his share of women. On the other hand, Liberty has a few problems of her own, like a bad case of misplaced emotions, sexuality, and lack of direction. This just might hinder Hatchet's resolve in unraveling the mystery. After all he's a detective, not a therapist.
