Dr. Wayne W. Dyer, the internationally best-selling author and lecturer, has a new message for his youngest readers. In his latest children's book, Wayne teaches kids about excuses: what they are, where they come from, and how to eliminate them so boys and girls can reach their full potential.

Playfully illustrated once again by Stacy Heller Budnick, No Excuses! tells the story of a boy with a seemingly impossible dream who almost lets excuses stand in his way. Luckily, he learns some important lessons that allow him to attain his goals--lessons that just about all children will be able to understand and apply to their lives. No Excuses! will be available shortly after the publication of Wayne's book for adults, Excuses Begone!

From the legendary Oklahoma coach, a candid and inspiring memoir. When Bob Stoops took over as football coach in 1999, the Oklahoma Sooners were in disarray with back-to-

back losing seasons. But in just two years' time, Stoops achieved the seemingly impossible: winning a national championship and returning the struggling Sooners to their powerhouse status, churning out NFL talent, Heisman Trophy winners and conference championships, bowl wins and national title runs on a regular basis. During his 18 seasons at OU, his record was a remarkable 190-48. At only age 56, at the peak of his career, he stunned the college football world by walking away. For the first time, Bob opens up about his career alongside the evolution of the game itself. From his unlikely emergence as a star player at the University of Iowa, to his coaching apprenticeships under giants like Hayden Fry, Bill Snyder, and Steve Spurrier, Stoops recounts how the game he fell in love with as a boy

has evolved into a billion-dollar business often compromised by recruiting wars, aggressive agents, overzealous boosters and alumni, and the emergence of the CEO head coach rather than mentor and teacher. Bob holds nothing back while explaining why it was time to step away from the game-and players-he still loves. Told with a rare combination of sincerity, vulnerability, and pure heart, No Excuses is both an engaging and eye-opening football memoir and an unprecedented portrait of a coach of one of the greatest legacy programs in the history of the college game.

Brian Tracy's explosive study on the power of self-discipline will show you how to break down the barriers between you and success by simply eliminating the excuses we tell ourselves every day. Exploring the power of self-discipline in practice, *No Excuses* (2010) takes a look at how we can improve three critical areas of our lives-- personal success, career success, and overall happiness-- through aggressive self-discipline. Arguing that excuses are the limitations we place on ourselves, Tracy challenges readers to relinquish the crutch of convenient excuses and embrace the life-changing power of self-discipline.

An invaluable guidebook, which contends that the most vexing problems facing women today isn't that doors of opportunity aren't open but that not enough women are walking through them Feminist icon Gloria Feldt pulls no punches in this new book, which argues that the most confounding problem facing women today isn't that doors of opportunity aren't open, but that not enough women are walking through them. From the boardroom to the bedroom, public office to personal relationships, she asserts

that nobody is keeping women from parity-except themselves. Feldt puts women's power into an historical context, showing the ways in which women have made huge leaps forward in the past, only to pull back right when they were at the threshold. Feldt argues that there's no excuse-whether it's the way women are socialized, or pressure to conform, or work/life balance issues-for women today not to own their power. Women are still facing unequal pay, being passed over for promotions, entering public office at a much lesser rate than men, and oftentimes still struggling with traditional power dynamics in their interpersonal relationships. Feldt's solution to all these places where women face inequality is the same: we need to shift the way we think to achieve true parity with our male

These include: Know Your History and You Can Create the Future of Your Choice; Define the Terms-First; Embrace Controversy; Employ Every Medium; and other helpful ideas for using the tools and resources women already have to create the changes they want to see. No Excuses is a timely and invaluable book to help women equalize gender power in politics, work, and love.
