Odyssey, scholars have long debated whether Homer really existed. There are many theories about who Homer may have been and when and where he may have lived. According to ancient accounts, he lived sometime between 900 and 700 b.c., possibly on the island of Chios in the eastern Aegean Sea, and he was blind. Most modern scholars agree that the Homeric poems are the work of one or two ...

Mother and daughter Alexandra and Maureen point to the great thinkers who have shaped their beliefs and practices in education, and who continue to influence teachers today. 19 essays from Dewey to Delpit offer parents and new educators an overview of education. These touchstone texts are framed by commentary, as the Miletas include both personal readings with wider contextual value and brief biographies.

An updated and expanded version of this classic study of contemporary American film, the new edition of A Cinema of Loneliness reassesses the landscape of American cinema over the past decade, incorporating discussions of directors like Judd Apatow and David Fincher while offering assessments of the recent, and in some cases final, work from the filmmakers--Penn, Scorsese, Stone, Altman, Kubrick--at the book's core.
