What are you waiting for? ****Testimonials****By the way I am pleased with the guides I had previously purchased and have passed both tests [Introduction to Computing and Personal Finance] I have taken thus far. Thank you, -Cathy P.****Passed both classes in one day. I took Intro to Computers and Personal Finance was able to complete 2 tests in 2 hours and earn 6 credits. -Joe F. ****

There is increasing pressure for all of us to take responsibility for our own financial security and wellbeing, but we often overlook how the benefits that come with a job can help us do that. Essential Personal Finance: A Practical Guide for Employees focuses on these valuable work benefits and shows how you can build on this important foundation to achieve financial security and your life goals. This unique book explores how making effective and practical use of these work benefits (such as pension scheme, life cover, sick pay, cheap loans, savings schemes and even financial coaching), means facing up to the behavioural biases we are all plagued with. Given that these can get in the way of even the best intentions, Essential Personal Finance tackles these biases head-on with practical ideas and tips for overcoming or harnessing them for good, and will help you to develop a positive and fruitful relationship with your money. With financial stress being a major cause of absenteeism and sick leave, low morale and lost productivity, the advice in this book also offers employers enormous benefits. By empowering employees through financial education and financial awareness, progressive employers will help them feel more in control of their lives, and experience less stress, resulting in higher morale and productivity. Offering a distinctive approach which combines academic insight with practical financial wisdom and tools, this is a must-have book for all employees. It will help you make the most of everything your job has to offer so you can worry less about money and live life to the full.

While focusing on the student's role as citizen, student, family member, consumer, and active participant in the business world, Managing Your Personal Finances 6E informs students of their various financial responsibilities. This comprehensive text provides opportunities for self-awareness, expression, and satisfaction in a highly technical and competitive society. Students discover new ways to maximize their earning potential, develop strategies for managing their resources, explore skills for the wise use of credit, and gain insight into the different ways of investing money. Written specifically for high school students, special sections in each chapter hold student interest by focusing on current trends and issues consumers face in the marketplace. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

An outline review of personal finance for physicians.

Revised and updated to reflect current changes in the political and economic climate, this friendly guide provides comprehensive coverage of all basic money management principles. Enables readers to understand not only the implications of far-reaching events but also the fundamental knowledge to navigate the world of personal finance. Describes how to effectively manage personal assets-from buying and selling to investing, insuring, planning and preparing income taxes.

The proven guide to taking control of your finances The bestselling Personal Finance For Dummies has helped countless readers budget their funds successfully, rein in debt, and build a strong foundation for the future. Now, renowned financial counselor Eric Tyson combines his time-tested financial advice along with updates to his strategies that reflect changing economic conditions, giving you a better-than-ever guide to taking an honest look at your current financial health and setting realistic goals for the future. Inside, you'll find techniques for tracking expenditures, reducing spending, and getting out from under the burden of high-interest debt. Tyson explains the basics of investing in plain English, as well as the risks, returns, and options for popular investment strategies. He also covers ways to save for college and special events, tame your taxes, and financially survive the twists and turns that life delivers. The bestselling, tried-and-true guide to taking control of finances, now updated to cover current economic conditions Provides concrete, actionable advice for anyone facing great financial hardship Helps you avoid or get out of debt and budget funds more successfully Eric Tyson, MBA, is a nationally recognized personal finance counselor and the author of numerous For Dummies titles, including Home Buying For Dummies, Investing For Dummies, and Mutual Funds For Dummies, among others There's no need to stress over an uncertain economy -- just read Personal Finance For Dummies and protect your financial future!

When it comes to protecting your financial future, starting sooner rather than later is the smartest thing you can do. This hands-on guide provides you with the targeted financial advice you need to establish firm financial footing in your 20s and to secure your finances for years to come.

Addresses areas of key concern for readers in their twenties and thirties, covering such topics as 401(k) and retirement planning, effective budgeting that takes into accounts spiraling costs and growing families, and the latest internet banking technologies. Original.
