Howard Gardner's groundbreaking theory applied for classroom use This important book offers a practical guide to understanding how Howard Gardner's theory of Multiple Intelligences (MI) can be used in the classroom. Gardner identified eight different types of intelligence: linguistic, logical, spatial, musical, bodily-kinesthetic, naturalist, interpersonal, and intrapersonal. Celebrating Every Learner describes the characteristics of each type of intelligence and follows up with ready-to-use lesson plans and activities that teachers can use to incorporate MI in their pre-K through 6 classrooms. Offers a treasury of easily implemented activities for engaging all students' multiple intelligences, from the New City School, a leading elementary school at the forefront of MI education Provides ready-to-use lesson plans that teachers can use to incorporate MI in any elementary classroom Includes valuable essays on how and why to integrate MI in the classroom Hoerr is the author of a bi-monthly column for Educational Leadership as well as the editor of the "Intelligence Connections" e-newsletter

Stories are central to our world. We form our families, our communities, and our nations through stories. It is through stories of our everyday experiences that each of us constructs an autobiographical self, a narrative identity, that confers a sense of coherence and meaning to our individual lives. In this volume, Robyn Fivush describes how this deeply personal autobiographical self is socially and culturally

constructed. Family Narratives and the Development of an Autobiographical Self demonstrates that, through participating in family reminiscing, in which adults help children learn the forms and functions of talking about the past, young children come to understand and evaluate their experiences, and create a sense of self defined through individual and family stories that provide an anchor for understanding self, others, and the world. Fivush draws on three decades of research, from her own lab and from others, to demonstrate the critical role that family stories and family storytelling play in child development and outcome. This volume is essential reading for students and researchers interested in psychology, human development, and family studies.

This open access book outlines the intersections between social work and the methods of sociometry and psychodrama. Different sections offer essential practice wisdom for both trauma-focused and trauma-informed experiential work for individuals, groups, organizations, and communities. This text enriches the understanding of various action-based approaches and highlights how to enliven social work practice. The chapters include clinical vignettes and examples of structured sociometric prompts with diverse populations, topics, and social work settings to enhance the understanding of group practice, individual practice, and community practice. It provides social workers and other professionals with dynamic tools to improve assessment, intervention, activism, and leadership. Strength-based practical tools are offered to readers, along with guidance for theoretical conceptualizations. This integrative book is an essential read for students, practitioners, leaders, and scholars within the fields of social work, psychodrama, the creative art therapies, group therapy, community organizing, and social activism.

Experts in social studies education and gifted education share teacher-tested strategies for differentiating social studies in K-12 classrooms. Chapter authors showcase best-practice and research-based lessons and activities that enrich and expand social studies instruction while building K-12 students' critical and creative thinking. Each chapter contains two or more teacher-tested lessons or activities linking social studies content and concepts to the standards and recommendations of the National Association for Gifted Children (NAGC) and National Council for the Social Studies (NCSS). This edited volume is targeted toward K-12 teachers and administrators, gifted education coordinators and consultants, parents of gifted children, social studies methods instructors, and central office administrators. Each chapter contains activities that can be adapted and replicated in teachers' classrooms. Chapters focus on significant social studies topics such as civic education, historical thinking, drama, and teaching with primary sources. Each topic is approached in ways that meet the needs of gifted education students. Through its emphasis on critical thinking, inquiry-based instruction, and higher order thinking skills, activities and lessons in the book challenge K-12 educators to raise the bar for classroom instruction in ways that improve opportunities of learning for all students.

Social studies teachers will find classroom-tested lessons and strategies that can be easily implemented in the classroom. The Teacher's Toolbox series is an innovative, research-based resource providing teachers with instructional strategies for students of all levels and abilities. Each book in the collection focuses on a specific content area. Clear, concise guidance enables teachers to quickly integrate low-prep, high-value lessons and strategies in their middle school and high school classrooms. Every strategy follows a practical, how-to format established by the series editors. The Social Studies Teacher's Toolbox contains hundreds of student-friendly classroom lessons and teaching strategies. Clear and concise chapters, fully aligned to Common Core Social Studies standards and National Council for the Social Studies standards, cover the underlying research, technology based options, practical classroom use, and modification of each high-value lesson and strategy. This book employs a hands-on approach to help educators quickly learn and apply proven methods and techniques in their social studies courses. Topics range from reading and writing in social studies and tools for analysis, to conducting formative and summative assessments, differentiating instruction, motivating students, incorporating social and emotional learning and culturally responsive teaching. Easy-to-read content shows how and why social studies should be taught and how to make connections across history, geography, political science, and beyond. Designed to reduce instructor preparation time and increase relevance, student engagement, and comprehension, this book:

- Explains the usefulness, application, and potential drawbacks of each instructional strategy
- Provides fresh activities applicable to all classrooms
- Helps social studies teachers work with ELLs, advanced students, and students with learning differences
- Offers real-world guidance for addressing current events while covering standards and working with textbooks
