Read Free Politics On The Couch Citizenship And The Internal Life

better or worse, our intimate lives are in the throes of dramatic change. In this thought-provoking study, sociologist Ken Plummer examines the transformations taking place in the realm of intimacy and the conflicts--the intimate troubles--to which these changes constantly give rise. In surveying the intimate possibilities now available to us and the issues swirling around them, Plummer focuses especially on the overlap of public and private.

Increasingly, our most private decisions are bound up with public institutions such as legal codes, the medical system, or the

Read Free Politics On The Couch Citizenship And The Internal Life

media. What impact does the increasingly public character of personal life have on our sense of ourselves and on how we view our own intimate choices? To navigate our way through a world in which peoples private lives are so often subject to public scrutiny and debate, and in which the public sphere is increasingly pluralized and contested, we must broaden our understanding of what it means to be a citizen. Through the idea of "intimate citizenship," Plummer sets an important agenda for the years to come.

Education today? Debates in Citizenship Education encourages student and practising teachers to engage with and reflect on some of the key topics, concepts and debates that they will have to address throughout their career. It places the specialist field of Citizenship Education in a wider context and aims to enable teachers to reach their own informed judgements and argue their points of view with deeper theoretical knowledge and understanding. Taking account of recent policy and controversies, expert contributors provide a balance of experience and perspectives and cover a wide range of

reading and reflective questions to help shape your own research and writing, this collection provides an introduction to recent critical thinking and contemporary debates within Citizenship Education.

What lies behind America's historic romance with the gun? Why does it have such a troubled relationship with alcohol and drugs? Why is it so wedded to consumerism and so resistant to the evidence of climate change? What are its enduring myths about individuality, freedom, and independence, and how might we re-imagine our vision of the

United States as the “Promised Land” and “The City on the Hill” to reflect a multiculturalism that offers “the last, best hope” for the world? In a two-decades long journey through the American psyche, depth journalist Pythia Peay has asked these and many more questions of no fewer than thirty-six of the world’s leading psychologists and psychoanalysts. From Robert Jay Lifton to Marion Woodman, A. Thomas McLellan to Judith V. Jordan, Mihaly Csikszentmihalyi to June Singer, and James Hillman to Mary Pipher, the thinkers in America on the Couch discuss violence, addiction, the environment,

Read Free Politics On The Couch Citizenship And The Internal Life

capitalism and consumerism, politics and power, and the soul of America. The result is a uniquely comprehensive, wide-ranging, and compelling kaleidoscope of insights into the psychodynamics of a hegemon in peace and at war, as it confronts the shadows of the American century and charts its way into an uncertain, multi-polar future. Featuring Stephen Aizenstat, John Beebe , Bonnie Bright, Gary S. Bobroff , Mihaly Csikszentmihalyi, Philip Cushman, Larry Decker, Raymond De Young, Edward Edinger, Michael Eigen, Stephen J. Foster, Charles Grob, Bud Harris, A. Chris Heath, James

Thomas McLellan, Thomas Moore, Ginette Paris, Mary Pipher, Ernest Rossi, Andrew Samuels, Erel Shalit, June Singer, Thomas Singer, Lawrence Staples, Murray Stein, Charles B. Strozier, Paul Wachtel, Karen B. Walant, Marion Woodman, and Luigi Zoja.

Do political concerns belong in psychodynamic treatment? How do class and politics shape the unconscious? The effects of an increasingly polarized, insecure and

Read Free Politics On The Couch Citizenship And The Internal Life

threatening world mean that the ideologically enforced split between the political order and personal life is becoming difficult to sustain. This book explores the impact of the social and political domains at the individual level. The contributions included in this volume describe how issues of class and politics, and the intense emotions they engender, emerge in the clinical setting and how psychotherapists can respectfully address them rather than deny their significance. They demonstrate how clinicians need to take into account the complex convergences between psychic and social reality in the clinical

Read Free Politics On The Couch Citizenship And The Internal Life

setting in order to help their patients understand the anxiety, fear, insecurity and anger caused by the complex relations of class and power. This examination of the psychodynamics of terror and aggression and the unconscious defences employed to deny reality offers powerful insights into the microscopic unconscious ways that ideology is enacted and lived. Psychoanalysis, Class and Politics will be of interest to all mental health professionals interested in improving their understanding of the ideological factors that impede or facilitate critical and engaged citizenship. It has a valuable

Read Free Politics On The Couch Citizenship And The Internal Life

contribution to make to the psychoanalytic enterprise, as well as to related scholarly and professional disciplines.

In this book, a multidisciplinary and international selection of Jungian clinicians and academics discuss some of the most compelling issues in contemporary politics. Presented in five parts, each chapter offers an in-depth and timely discussion on themes including migration, climate change, walls and boundaries, future developments, and the psyche. Taken together, the book presents an account of current thinking in their

Read Free Politics On The Couch Citizenship And The Internal Life

psychotherapeutic community as well as the role of practitioners in working with the results of racism, forced relocation, colonialism, and ecological damage.

Ultimately, this book encourages analysts, scholars, psychotherapists, sociologists, and students to actively engage in shaping current and future political, socio-economic, and cultural developments in this increasingly complex and challenging time.

Read this book if you want to be able to speak with your friends about your social and political beliefs with confidence. Striving

Read Free Politics On The Couch Citizenship And The Internal Life

to maintain a centrist perspective, Tryon presents a tool kit to empower citizen participation in the American political process. Technological changes in the way we present and process information coupled with inherent features of the free press have changed the nature of the individual citizen's engagement with our elected public servants. Accountability Citizenship explains how we can restore accountability in government by accepting our personal accountability for some simple tasks we must do as individual citizens living in the age of information. The book is non-partisan.

Read Free Politics On The Couch Citizenship And The Internal Life

Readers are asked only to agree on the very basics—that the government of the United States is supposed to represent the people of the United States. The author makes a compelling case that changes in our information distribution technologies and business models discourage effective political participation by citizens. In the early days of our republic, information distribution was based on newspapers—subscription-based and geographically aligned with the representative structure of Congress. Over the past forty years, deregulation of television and radio along

Read Free Politics On The Couch Citizenship And The Internal Life

with the information technology revolution have disrupted this alignment. But we can restore accountability through the three steps of accountability citizenship: being appropriately positive, appropriately informed and appropriately engaged.

Everyone who aspires to more effective public service should read this book. It provides a compelling antidote to the managerial focus of theory and practice in public administration. Written with the aim of inspiring and rekindling a mission for public service, Transformational Public Service

Read Free Politics On The Couch Citizenship And The Internal Life

weaves together theory and stories from actual practice to show that public service can (and does) advance the goals of democracy, inclusiveness, and social and economic justice. Eight practitioners from government and non-governmental organizations at all levels - from the street to the executive office - tell their personal stories of transformational public service. Theory, poetry, and popular culture references are woven around the stories. Both students and practitioners will discover new ways of thinking in this book that will enable them to transform their own

Citizenship And The Internal Life

administrative practices. As the authors note in their prologue: "As we listened to these stories, we heard people say that public service can be and is transformational (transforms institutions, practices, and people's lives and experiences) in ways that serve democracy, engagement, and social and economic justice. The public service they practice is collaborative, humanistic, emancipatory, inclusive, and diverse."

Within media research and cultural studies, the mediation of politicians and the play-off between versions of high and low politics are

Read Free Politics On The Couch Citizenship And The Internal Life

attracting increasing interest. Media and the Restyling of Politics brings together the work of leading academics in media and cultural studies to pursue an agenda of research, analysis and debate about the changing nature of political culture and its mediation. The contributors question the ways in which emerging forms of political style relate not only to new conventions of celebrity and publicity but to ideas about representation, citizenship and the democratic process. Topics covered include: celebrity politicians, the marketing of politics, identity and popular culture.

Read Free Politics On The Couch Citizenship And The Internal Life

This book offers a comprehensive overview of the overlap between personal and political aspects of life within the context of psychotherapy. It sketches out a clear and detailed narrative of the complex interrelations between psychotherapy, society, and politics. It articulates a theoretical basis for politically conscious and socially responsible therapy work, as well as the guiding principles in implementing this position. Many psychotherapists find themselves struggling when faced with political issues that come up

Read Free Politics On The Couch Citizenship And The Internal Life

in treatment, both overtly and covertly. Many of them find value in clarifying political aspects of clients' lives and psychotherapy itself, but are hesitant to touch upon this loaded issue or do not know how to approach it. Nissim Avissar's book opens up new possibilities of thinking afresh on psychotherapy, in a way that takes into account real life conditions and the effects of professional work on the social environment.
