Evidence-Based Writing for grade 2 offers 64 pages of writing practice and prompts. It is aligned with the Common Core State Standards and includes a writing rubric, a student writing checklist, a five-page writing process practice packet, and pages of writing prompts to encourage higher-level thinking and thoughtful writing. Each writing prompt is paired with a graphic organizer to help students plan, research, and prewrite. Specific writing types taught are opinion/argumentative, informative/explanatory, narrative, and research writing. Grade 2 writing prompts include spending money, video games, the perfect pet, Rosa Parks, healthy bodies, and types of homes. An accompanying online resource offers samples of scored student writing. The Applying the Standards: Evidence-Based Writing series emphasizes the reading-writing connection by requiring students to read and use facts from literary and informational texts. This is a series of six 64-page books for students in kindergarten to grade 5. Various writing skills are taught in correlated activities such as prewriting, drafting, revising, editing, and publishing writing. Of particular emphasis throughout the series are the Common Core State Standards and the teaching of evidence-based writing.

Reading is a neurologically complex skill. So, it isn't surprising that many children find learning to read difficult. Make learning to read more fun with award-winning Budding Reader eBooks, arguably the easiest learn-to-read book series on the market. These research-based eBooks were developed in consultation with Cecilia Minden, Ph.D., the former Director of Language and Literacy at the Harvard Graduate School of Education. They were illustrated by artist, Doug Oglesby, winner of one Emmy, five Emmy nominations, and three international awards from the Broadcast Designers Association. Budding Reader eBooks use an innovative format to ease children into reading. Using research-based best practices identified by the National Reading Panel, each of the five Budding Reader eBook sets (one for each short vowel sound) tells an original story over the course of ten books. Previewing a book dramatically improves reading comprehension, so Book 1 in each set is a wordless picture book which introduces the story through colorful illustrations. Repetition aids brain development, so the story is retold in Books 2-10 with an ever-expanding vocabulary. By repeating words and gradually adding new ones, Budding Reader eBooks help new readers (even reluctant ones) experience success from the very start. In total, the Budding Reader eBook series introduces more than 60 simple words including dozens of common sight words. Learning is reinforced with free companion writing worksheets (available at buddingreader.com) which provide a multisensory experience and enable children to practice both reading and writing. A free parent guide with tips for working with new readers is also available on the website. The second set in the series, Wit and Kit, introduces the short "i" vowel sound and 13 new words (bit, by, did, good, he, hit, I, it, Kit, no, quit, she, Wit). Four simple words previously introduced in the series (and, see, that, you) are reviewed. Series: •Set 1: Cat and Rat (Short a; 11 words) •Set 2: Wit and Kit (Short i; 17 words) •Set 3: Bugs (Short u; 18 words) •Set 4: Hop! (Short o; 18 words) •Set 5: Hens (Short e; 22 words) For every eBook set sold, Budding Reader donates one to a child in need. One for You. One for the World. A Better World with Every Purchase. Gold Mom's Choice Award Winner: The Mom's Choice Awards has named Wit and Kit among the very best in family-friendly media, products and services. This content is optimized for tablets.

selections in each unit that center around a common theme. Each unit features the following skill strands - phonemic awareness; phonics/structural word analysis; vocabulary; fluency; comprehension.

This new edition will be completely revised and re-worked to present a thoroughly modern and essential handbook to reading, writing & reasoning.

In *Writers Are Readers*, the mutually supportive roles of reading and writing are made visible through the idea of "flipsides;" how a reader's insights can be turned around to provide insights into his own writing, and vice versa. Lester and Reba's trademark engaging style is woven throughout chapters full of sample lessons, student writing samples, and recommended texts for maximizing the flipped concept across the year. "Leading the student to understand what he did as a reader can become a lens that brings into focus what the writer had to do before a reader ever saw the page," they write. Discover fresh new ways to turn reading strategies into writing opportunities that your students will be excited about and deeply understand.

Reading and writing are the most important skills a child acquires during his or her lifetime--and it all begins in the early childhood classroom, where creative play, discovery and time to explore are at the heart of a developmentally appropriate and child-centered curriculum. Striking a balance between these often competing priorities can challenge even the most experienced educator.

This book focuses on the inter-relationship between reading, writing and speaking and listening. Psychologists and educationalists, influenced by the work of Vygotsky, have emphasised the importance of social interaction in learning, and the National Writing, Oracy and LINC Projects highlighted the need for quality interactive pupil discourse and effective teacher-pupil interaction. However, although the DfEE claims that the successful teaching of literacy is characterised by good quality oral work, speaking and listening is not included in the National Literacy Strategy Framework and the Literacy Training Pack does not address the issue. *Literacy and Learning through Talk* blends theory, research and practice to show how an integrated programme of work can be developed to ensure that literacy is taught in a vibrant and stimulating way. Strategies for developing successful group work and whole class, interactive discourse are examined and effective teaching roles and questioning techniques are explored. Transcripts of group discussions and examples of children's work illustrate various points and work plans and practical classroom activities are described.

Pie Corbett's ground-breaking Talk for Writing approach has been successfully used by thousands of schools to teach writing creatively in an engaging way that motivates children. Now Pie and Julia take this multi-sensory approach to Early Years settings introducing a simple way to inspire young children's language development through storytelling. Children learn language through memorable, meaningful repetition. The Talk for Writing approach enables children to internalise the language of story so that they can imitate it, innovate on it and create their own effective stories independently. *Talk for Writing in the Early Years* will show you how to put rhyme and story at the heart of your work with children and parents so that young learners language development and creativity flourishes. This multimedia resource shows you how to:

- Select a story or rhyme the children will enjoy and tell it engagingly, encouraging the children to join in
- Use a story map so they can picture what happens
- Use actions to reinforce meaning and emphasise key language patterns
- Help children build a bank of tales, developing their linguistic repertoire

The 2 OLCs contain: 1 Footage of Pie Corbett conferences with EY teachers showing Talk for Writing in action 2 Clips of nursery children engaged in the Talk for Writing approach 3 Advice on how to use the OLC and handouts to train all staff in the approach 4 Interviews with parents and nursery school teachers on the impact of Talk for Writing 5 21 stories with story
