Matt Carter, self-proclaimed sex-god and drummer for world renowned Souls of the Knight, didn't have the time or inclination for planning his future, preferring to fill his days with music, women and alcohol. He didn't want or need anything else in his life. Until the band parted ways and he found himself no longer living the dream. Bored and lonely, with too much time and money on his hands, Matt turns to his best friend, Alex Clark, to help devise a new direction to take his life in. Together, they embrace their newfound venture, as owner and manager of one of L.A.'s hottest gay clubs - Kaleidoscope. For the first time, Matt has a plan. He knows where life is heading. Until a devastating phone call turns his whole world upside down, sending him straight into the comforting arms of his best friend and leading him to doubt everything he's ever known or believed about himself. Alex had always been content with his unrequited feelings for his rockstar friend, but as Matt starts to question if he might actually feel the same, he runs as fast as his feet will allow. Has Matt gone too far? Has his reputation as an irresponsible womanizer who refuses to take life seriously, finally managed to push his best friend away for good? Or is Alex hiding secrets of his own? (M/M romance. Not suitable for under 18's due to language and sexual content.)

Beaten by her mother and whipped by her stepfather, Emily eventually finds her way into the care system at the age of twelve, and has an abortion after being gang-raped at thirteen. Continuously abused in a sequence of homes, she runs away at sixteen, becomes a prostitute in Soho, and convinces herself she is being punished for killing her baby. But it was never meant to be like that. Adopted at birth in 1956 by a middle-class family, Emily shared a golden childhood with her adopted sister Amy, attending private schools, and enjoying singing and dancing lessons. Things soon changed when Emily's jealous mother came to regard her as a rival. A bored and restless woman, she beat Emily for the first time when she was seven years old and from then on seemed to become addicted to inflicting pain on her daughter. Despite Emily's father's attempts to protect her, the parental rows grew more malicious, until the mother moved out and remarried a narcissistic widower with alcohol problems and a vicious, bullying temper. The abuse intensified until Emily was placed into voluntary care. And so began a toxic spiral of remand homes, psychiatric hospitals, and sleeping rough. It wasn't long before Emily became a teenage 'working girl', where she was paid to engage in bizarre sadomasochistic acts for perverted clients, including a senior judge and a policeman. It was only when she was almost murdered that she turned her life around. Set principally between 1966 and 1972, *Runaway* captures the sleazy Soho of the period, and the frightening conditions in which many children were kept in care.

Dylan Roberts and Cameron O'Neil were good kids. Growing up together, they shared everything. By the age of fourteen they were more than best friends - they were in love. They dreamt of their future, of success, marriage...happiness. They were going to grow old by each other's side. But... "Kids are stupid." When tragic circumstances forced them apart, Dylan discovered that life wasn't the fairytale he dreamed

of; it was dark, difficult, saturated with pain and shame. Life wasn't meant to be enjoyed, merely survived, but even that became a challenge. Damaged, worthless, and disgusting, he saw no point to his pitiful existence... Until he came face to face with the boy he used to love. Successful, honourable, and happy, Cameron had achieved the future they planned. He was good, positive, popular...everything Dylan would never be. What would happen if Dylan let him back into his world? Would he destroy Cameron too? Would his poison push him away like everyone else? "Everybody leaves." "They leave or they die." But what if...what if Cameron didn't? (MM Romance, recommended for over 18's due to language, sexual content, and scenes of IV drug use.)

Since putting his life on hold ten years ago, Oliver Clayton doesn't know who he is anymore. To his clients at the hair salon, he's the sassy and confident stylist. To the crowds who come to watch his drag act at the club, he's the fierce and fabulous Miss Tique. He's popular. Talented. Out, proud, and self-assured. He's also a good actor. Sebastian Day is content with life's easy, if not a little monotonous, routine. After several failed relationships, he likes the simplicity of being alone in his truck at his job as a heavy goods driver, spending the weekends with his teenage son, and putting the world to rights with his cat, Marv. He's not lonely. He isn't hiding. At least...he doesn't think he is until he meets the mesmerising stranger with the red hair and purple lips. Can Oliver and Sebastian help each other embrace who they are? Or will a cruel twist of fate end their journey before it's even begun? (M/M Romance. Not recommended for readers under 18 years of age due to language and sexual content.)

When everything falls apart, Ness and Evan are both faced with difficult choices. All because of Lucy.

Travis Maddox, Eastern University's playboy, makes a bet with good girl Abby that if he loses, he will remain abstinent for a month, but if he wins, Abby must live in his apartment for the same amount of time.

A stand-alone novel in the USA Today bestselling True North world. Dylan is my best friend, and the only person in my life who understands me. He doesn't mind my social awkwardness or my weird history. The only glitch? He doesn't know that I've been hopelessly, desperately in love with him since the first day we picked apples together in his family's orchard. But I know better than to confess. Now that we're both in college together, I'm seeing a new side of him. College Dylan drinks and has a lot of sex. None of it with me. Until the night I foolishly ask him to tutor me in more than algebra—and he actually says yes. One crazy night sets our friendship on fire. But now my heart lies in ashes...

Reads A barn burner of a romance with depth and complexity. The Daily Waffle This series has inspired me to one day visit Vermont and discover the beautiful scenery in their Fall, to taste the beauty of real maple syrup and maybe visit a brewery or two. Tammy's Timeout It's the perfect balance of sweetness to tannins with a big scoop of comfort food on the side--and I can't wait for another helping! Totally Bex Bowen has created a pretty fantastic world in small-town Vermont, and I can't imagine who wouldn't enjoy a virtual trip there. Sasha Says It will have you wanting to pack a bag in search of a place where the cider is delicious, the banter is hilarious and the men are the stuff we readers dream about. I'm relocating. T. In many ways, divorce is a quintessentially personal decision—the choice to leave a marriage that causes harm or feels unfulfilling to the two people involved. But anyone who has gone through a divorce knows the additional public dimensions of breaking up, from intense shame and societal criticism to friends and relatives' unsolicited advice. In *Intimate Disconnections*, Allison Alexy tells the fascinating story of the changing norms surrounding divorce in Japan in the early 2000s, when sudden demographic and social changes made it a newly visible and viable option. Not only will one of three Japanese marriages today end in divorce, but divorces are suddenly much more likely to be initiated by women who cite new standards for intimacy as their motivation. As people across Japan now consider divorcing their spouses, or work to avoid separation, they face complicated questions about the risks and possibilities marriage brings: How can couples be intimate without becoming suffocatingly close? How should they build loving relationships when older models are no longer feasible? What do you do, both legally and socially, when you just can't take it anymore? Relating the intensely personal stories from people experiencing different stages of divorce, Alexy provides a rich ethnography of Japan while also speaking more broadly to contemporary visions of love and marriage during an era in which neoliberal values are prompting wide-ranging transformations in homes across the globe.
