This Graphic Novel Series features classic tales retold with attractive color illustrations. Educators using the Dale-Chall vocabulary system adapted each title. Each 70 page, softcover book retains key phrases and quotations from the original classics. Introduce literature to reluctant readers and motivate struggling readers. Students build confidence through reading practice. Motivation makes all the difference. What's more motivation then the expectation of success?

After seven hundred thousand years underground, a tribe emerges to a frozen Earth, in this novel from the Hugo and Nebula Award-winning author. The time of falling death stars ushered in the Long Winter—eons of cold that caused plants and animals to vanish from Earth and drove people to take refuge in underground cocoons. Human ingenuity had never faced a greater challenge. For seven hundred thousand years, generation after generation was born and died below the Earth's surface. But now, one small tribe is sensing change. Chieftain Koshmar is sure that the New Springtime is near, so she leads her people above ground to explore the new world that awaits. The unfamiliar Earth, still a frozen shell of its former self, will test their mettle in every way, leading the people of the tribe to the brink of their destiny—or to their doom. At Winter's End is the first book of the New Springtime series, which continues with The Queen of Springtime. This ebook features an illustrated biography of Robert Silverberg including rare images and never-before-seen documents from the author's personal collection.
