Gambling, the risky enterprise of chance, is one of America ' s favorite pastimes. Office March Madness brackets, a day at the race track, a friendly wager, the random ridiculous Super Bowl prop bet, bingo night, or the latest media frenzy over the Powerball jackpot—all emphasize the ubiquity of this major economic force and cultural phenomenon. Approximately 70 percent of Americans regularly engage in some form of betting, amounting to over \$140 billion in combined casino and lottery revenue every year. A hundred years ago, however, legal gambling was a rarity in the United States. A fresh take on the history of modern American gambling, All In provides a closer look at the shifting economic, cultural, religious, and political conditions that facilitated gambling ' s expansion and prominence in American consumerism and popular culture. In its pages, a diverse range of essays covering commercial and Native American casinos, sports betting, lotteries, bingo, and more piece together a picture of how gambling became so widespread over the course of the twentieth century. Drawing from a range of academic disciplines, this collection explores five aspects of American gambling history: crime, advertising, politics, religion, and identity. In doing so, All In illuminates the on-the-ground debates over gambling ' s expansion, the failed attempts to thwart legalized betting, and the consequences of its present ubiquity in the United States.

the origins of daylight saving, including the historical development of calendars, clocks, standard time, and the idea of changing the clock to give more daylight late in the day. It looks at the history of daylight saving in every country that has ever used the measure. It also analyses daylight saving in each state of the US, Australia and Brazil, and each Canadian province. It features many intriguing and often prolonged battles between advocates and critics of daylight saving in countries around the world, as well as lighter moments. It highlights the determination of daylight saving time champions such as the UK 's William Willett, the US 's Robert Garland and Harley Staggers, New Zealand 's Thomas Sidey and Tasmania 's John Steer. It delves into the chaotic daylight saving situations that emerged, notably in the US and Canada, but also elsewhere. Every country and sometimes each state has a different and usually controversial story to tell.
