importantly, how to make the most of the health benefits of going sober.

Would life be better without alcohol? It ' s the nagging question more and more of us are finding harder to ignore, whether we have a “ problem ” with alcohol or not. After all, we yoga. We green juice. We meditate. We self-care. And yet, come the end of a long work day, the start of a weekend, an awkward social situation, we drink. One glass of wine turns into two turns into a bottle. In the face of how we care for ourselves otherwise, it ' s hard to avoid how alcohol really makes us feel... terrible. How different would our lives be if we stopped drinking on autopilot? If we stopped drinking altogether? Really different, it turns out. Really better. Frank, funny, and always judgment

worse. So when Kate's partner had to take a break from alcohol for a month, she decided to dip her toe in the water in solidarity with him and try being a non-drinker too. Not long into her transformational journey, Kate discovered that breaking free from alcohol improved every single aspect of her life: from relationships to health to work to happiness. In *The Accidental Soberista*, Kate chronicles the challenges and obstacles on the path to giving herself the greatest gift she has ever received - freedom from alcohol. Whether you 're sober-curious or want to remove the final obstacle in the way of your own health and life goals, this could be just the journey for you too.

Scientific research has clearly established that drinking in moderation has many health benefits, including maintaining a healthy heart. Yet, many people do not know that

## Acces PDF The 30 Day No Alcohol Challenge Your

drinking red wine protects the heart more than white wine, while beer, margaritas, and hard liquor are less effective in providing such protection. And while alcoholism is a serious problem requiring medical and psychological treatment, for those who are not addicted, drinking alcohol is not necessarily a bad habit. The problem is to distinguish between drinking sensibly and drinking insensibly. Dasgupta clearly outlines what constitutes healthy drinking and its attendant health benefits, offers advice on how to drink responsibly, and provides insight into just how alcohol works on the brain and the body. After reading this book, readers will enjoy their next drink with a fuller and safer understanding of why they're enjoying it.
