‘audio equipment’ ‘After all, the French government already levies an artist tax on audio and video tapes.’ ‘In terms of graphics and audio performance the DS is at least half a generation behind.’

The Audio Dictionary is a comprehensive resource, including historical, obsolete, and obscure as well as contemporary terms relating to diverse aspects of audio such as film and TV sound, recording, Hi-Fi, and acoustics. The Third Edition includes four hundred new entries, such as AAC (advanced audio coding), lip synch, metadata, MP3, and satellite radio. Every term from previous editions has been reconsidered and often rewritten. Guest entries are by Dennis Bohn, cofounder and head of research and development at Rane Corporation, and film sound expert Larry Blake, whose credits include Erin Brockovich and Ocean's Eleven. The appendixes--tutorials that gather a lifetime's worth of experience in acoustics--include both new and greatly expanded articles.

Defines terms and concepts related to sound recording, acoustics, electronics, and stereo equipment

This handy resource illustrates 36 chords in each key with the most commonly used fingerings, along with chord theory such as intervals, chord structure, building chords and the circle of fifths. With the CD, which includes listening examples for all the chords and styles found in the book, examples of how to play different chords come to life in a variety of styles, such as bluegrass, blues, country, funk, heavy metal, jazz, R & B, reggae, rock, and rockabilly.

Never before has a more complete source of terms used in digital audio technology and production, desktop audio, and computer- based recording been compiled! Digital Audio Dictionary contains over 1,000 useful, easy-to-read terms and definitions, along with an interactive CD-ROM.

"The kind of novel you never knew you were waiting for." --Marlon James An essential and revelatory coming-of-age narrative from a thrilling new voice, Rainbow Milk follows nineteen-year-old Jesse McCarthy as he grapples with his racial and sexual identities against the backdrop of his Jehovah's Witness upbringing. In the 1950s, ex-boxer Norman Alonso is a determined and humble Jamaican who has immigrated to Britain with his wife and children to secure a brighter future. Blighted with unexpected illness and racism, Norman and his family are resilient, but are all too aware that their family will need more than just hope to survive in their new country. At the turn of the millennium, Jesse seeks a fresh start in London, escaping a broken immediate family, a repressive religious community and his depressed hometown in the industrial Black Country. But once he arrives he finds himself at a loss for a new center of gravity, and turns to sex work, music and art to create his own notions of love, masculinity and spirituality. A wholly original novel as tender as it is visceral, Rainbow Milk is a bold reckoning with race, class, sexuality, freedom and religion across generations, time and cultures.

A fun and helpful resource for anyone interested in learning some Japanese—whether you're 5 or 100! This picture dictionary covers the 1,500 most useful Japanese words and phrases. This resource is perfect for beginners of all ages—curious kids, visual learners and future travelers to Japan.

NATIONAL BESTSELLER • “You wouldn’t expect a comic novel about a dictionary to be a thriller too, but this one is. In fact, [it] is also a mystery, love story (two of them) and cliffhanging melodrama.” —The New York Times Book Review An award-winning novel that chronicles the charming misadventures of a lovelorn Victorian lexicographer and the young woman put on his trail a century later to root out his misdeeds while confronting questions of her own sexuality and place in the world. Mountweazel n. the phenomenon of false entries within dictionaries and works of reference. Often used as a safeguard against copyright infringement. In the final year of the nineteenth century, Peter Winceworth is toiling away at the letter S for Swansby’s multivolume Encyclopaedic Dictionary. But his disaffection with his colleagues compels him to assert some individual purpose and artistic freedom, and he begins inserting unauthorized, fictitious entries. In the present day, Mallory, the publisher’s young intern, starts to uncover these mountweazels in the process of digitization and through them senses their creator’s motivations, hopes, and desires. More pressingly, she’s also been contending with a threatening, anonymous caller who wants Swansby’s staff to “burn in hell.” As these two narratives coalesce, Winceworth and Mallory, separated by one hundred years, must discover how to negotiate the complexities of life’s often untrustworthy, hoax-strewn, and undefinable path. An exhilarating, laugh-out-loud debut, The Liar’s Dictionary celebrates the rigidity, fragility, absurdity, and joy of language while peering into questions of identity and finding one’s place in the world.
